Starting Secondary School 2018
Introduction

If your child is currently in Year 6 at a junior or primary school and lives in Waltham Forest you will need to apply for a secondary school place for them for September 2018.

If you live outside Waltham Forest, you will need to apply to the local authority in which you live.

If you have any questions, you can contact the School Admissions Service on:

✉️ www.walthamforest.gov.uk

Applying for a school place for September 2018

Dear Parent or Carer,

I’m delighted that you are choosing a Waltham Forest school for your child. We all want the best for our children, so selecting the right secondary school is an important decision.

Waltham Forest benefits from having high performing secondary schools right across the borough – and we are committed to ensuring the highest quality learning experiences for all our children and young people and that children and young people will be healthy and safe in all settings.

In Waltham Forest, we are passionate that all of our children and young people will:

• Be challenged to achieve the very best outcomes and be stimulated to develop their creativity and critical thinking.
• Be empowered to continue learning throughout their adult lives.
• Have an understanding of the political, economic and technological developments that will shape their world, characterised by their sense of social and environmental responsibility.
• Have the skills which will enable them to participate, influence and shape their futures.
• Have a strong principled understanding of and opposition to any form of discrimination and inequality.

In Waltham Forest we recognise and promote the power of partnership working: a partnership between families, providers, the Local Authority and other key professional groups in ensuring that the Waltham Forest offer is amongst the best in the country.

You can make your application anytime between 1 September 2017 and 31 October 2017 and the best way to apply is online at www.eadmissions.org.uk.

Last year, over 87.7% of applications were made online, and 78.2% of those who applied on time received an offer of their first preference school. The process is easy to follow, quick and secure, and enables you to access other education and school websites. It also allows you to amend and check your application at any time – and as many times as you need to – before 31 October 2017. You will also be able to see the result of your application online without having to wait for an offer letter.

Whichever way you would like to apply, please make sure you submit your application by 31 October 2017. It is very important that you submit your application by this date, otherwise processing your application will be delayed.

I hope this booklet is helpful and makes the application process as easy as possible. We want all children in Waltham Forest to achieve their full potential, to enjoy school and to develop their self-confidence as learners and, ultimately, as citizens of our borough. I hope you will be impressed with the schools you visit and that your child will thrive and be happy at the secondary school they attend.

I wish you and your child every success.

Councillor Grace Williams
Waltham Forest Cabinet Member for Children and Young People
Collect as much information as you can about your preferred schools.

- Look at the map on the inside cover of this booklet to see which are your nearest schools
- Visit schools – details of open evenings at Waltham Forest schools are on page 7
- Read Ofsted reports at www.ofsted.gov.uk or on the school website
- Read the prospectus for each school (available from the school)
- Look at the school website

Many schools are oversubscribed each year, which means they receive more applications than they have places to offer. You need to consider how likely it is that your child will be offered a place at your preferred school.

- Read the admissions criteria for each school, as this will determine how places will be offered
  - The admissions criteria for Waltham Forest community schools are listed on pages 12–13
  - The criteria for other schools in Waltham Forest are listed on the school pages
- See how places were allocated last year using the information on page 51
- Look in Section 3 to see how many places each school has available for September 2018 (Planned Admission Number)
- Consider how your child will travel to school
- Discuss the decision with your child
- Try not to let others influence your decisions – the right school for your friend’s child may not be the right school for your child

The process outlined above is not applicable if your child has a statement of SEN or Education, Health and Care (EHC) Plan. Please see page 53 for more information.

### Children being educated outside their normal age group

Waltham Forest’s policy is that, in general, children should be educated in their normal age group, with the curriculum differentiated as appropriate, and that they should only be educated out of their normal age group in very limited circumstances.

Parents may seek a place for their child outside of their normal age group, for example, if the child has experienced problems such as ill health.

It is the parent’s responsibility to provide any supporting evidence they wish to be considered in respect of their application.

The governing body of schools responsible for their own admissions (academies, voluntary-aided, foundation and free schools) are ultimately responsible for making this decision for applications made to their school. For community and voluntary controlled schools, the Council is the admission authority and will decide whether the application will be accepted on the basis of the circumstances of the case and the best interests of the child concerned.

The internal management and organisation of a school, including the placement of students in classes, is a matter for the Headteacher and senior leadership of individual schools.

A decision will be made on the circumstances of each case and in the best interests of the child concerned. This will include taking account of the parent’s views; information about the child’s academic, social and emotional development; where relevant their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if it were not for being born prematurely. The views of the head teacher of the school(s) concerned must also be taken into account.

There is no guarantee that an application will be accepted. If the application is not accepted this does not constitute a refusal of a school place and there is no right to an independent statutory appeal. Similarly, there is no right of appeal for a place in a specific year group at the school.

If a school is happy to accept an application to educate a child out of year group, this is not a guarantee of a place. It just means the parent can apply along with all other parents for a school place in that academic year. It is important to consider what to do if your application is processed and you do not get offered a place at your preferred school. Currently no school has to agree to educate a child outside of their chronological year group even if it has been agreed at another school.

### How do I find out where schools are?

You can use the map on the inside front cover of this guide to find out where schools are in Waltham Forest. Alternatively you can use http://schoolsfinder.direct.gov.uk/ which allows you to search for schools based on your home postcode.

### Which schools can I apply for?

You can apply for any maintained (non-fee paying) school in England either online or on your home authority’s paper application form.
Timeline for Secondary applications

If your child is currently in year 6 in junior or primary school you will need to apply for a year 7 place for them to start in September 2018. The deadline for making an on time application is 31 October 2017.

1. Read this brochure before you apply so you are fully informed before you make your application.

2. Find out all the information you need to know about the schools you are interested in. This should include admissions criteria, which will tell you how the places are offered. This will help you to make your decision about which preferences to list. Waltham Forest Schools are listed on pages 16–49. School open evenings are listed on page 7.

3. Submit your application by 31 October 2017. You can do this by making an online application via www.eadmissions.org.uk. You must apply by no later than 11.59pm on the day for your application to be on time. Please note if you have not applied online before, you will need to register first. You will then receive a user name and password. Please keep a careful note of these, as you will need these every time you go into your eadmissions account.

4. Submit any supplementary information forms by 31 October 2017. Some schools require you to complete a supplementary information form. You must complete and submit the form directly to the school by the closing date. If the schools are outside Waltham Forest, please check with their local authority. You must also submit your proof of address as indicated on page 9 of this brochure by the closing date.

5. National Offer Day is on 1 March 2018. This is when you will receive the outcome of your application if you applied online. If you apply using a paper application form your letter will be posted on 1 March by first class post. You should receive your letter on 2 March 2018.

6. 15 March 2018 – you must accept or decline your offer by this date. If you applied online, you can do this by going into your eadmissions account. If you applied on paper, you must return the reply slip you receive with your letter.

7. Appeals – If you wish to make an appeal for a community school, you must do so by 29 March 2018. Academies, free schools and voluntary aided schools have details of how to appeal on their website.

When you visit a school, make sure you give yourself enough time to see everything you want to see. There will be a chance to be shown around the school, talk to students and teachers and ask any questions you may have about the school.

A school admissions officer may be in attendance if requested by the school to answer any questions about the application process.

Barclay Secondary Free School – The Lion Academy Trust has proposed to open a new 8FE Free School in Leyton for September 2018. Whilst a site has been secured, there remains a risk that the Trust may not secure all relevant approvals in order to receive Year 7 students in September 2018. These plans are ongoing and the latest information may be obtained from the Waltham Forest Council website.
Completing your application form

If you live in Waltham Forest you must complete the Waltham Forest application form. You should list up to six schools which can be located in Waltham Forest or in other local authorities. Do not list fee paying schools, you must apply to them directly.

If you live outside Waltham Forest you will need to apply through the local authority in which you live. The contact details of neighbouring local authorities are in Section 4.

If you list schools outside Waltham Forest, the Waltham Forest School Admissions Service will make sure that the local authority where the school is located is given all the information from your application form.

You must complete either an online application or a paper application form by 31 October 2017.

Applications from overseas

The following children are not entitled to a state education:

• Children from non-European Economic Area (EEA) countries who are here as short-term visitors – these are children who live abroad but have been admitted to the UK for a short visit (for example as tourists or to visit relatives), and not to study

• Children from non-EEA countries who have permission to study in the UK – these children are allowed to study in England on the basis that they attend an independent, fee-paying school.

We will consider accepting applications from children whose family can evidence intent to return to and/or permanently reside in Waltham Forest prior to the start of the new academic year. These applications, if accepted, will be processed from the overseas address until sufficient evidence is received to show the child is permanently resident in Waltham Forest. Evidence must be submitted at the time of application.

Evidence submitted after the date for late applications (10 December 2017) cannot be taken into account before National Allocation Day. If an applicant owns a property in Waltham Forest but is not living in it, perhaps because they are working abroad at the time of application, the Waltham Forest address will not be accepted for the purposes of admission until the child is resident at that address.

After allocation, if you take your child abroad, even with the intention of bringing them back to start in September, you must inform School Admissions. If you fail to do this, and it is brought to our attention that the child has gone abroad, any place offered may be withdrawn.

Crown Servant/Armed Forces

If you are a member of the Armed Forces, you must supply an official letter that states relocation address and a unit postal address or quartering area address.

Apply online

You can apply online at www.eadmissions.org.uk

Once you have registered you will be sent an email with your username and password. If you have applied for a school place online previously for this or another child, you will need to use the same account. If you have forgotten your account details you can click on the ‘Forgotten your user name or password’ link and eAdmissions will send you a reminder email.

When you have completed your application and pressed the submit button you will be sent an email with an application reference number confirming that you have completed your application. Once you have submitted your application you are then required to upload your evidence documents in a PDF format. You can update your application as many times as you like before 11.59pm on 31 October 2017.

You can also find out the results of your online application on 1 March 2018 during the evening, the same day that offers are made.

If you are unable to apply online, you may download a paper application form from www.walthamforest.gov.uk or contact us to send you one.

If you live in Waltham Forest and your child attends a primary school in another local authority you must apply to Waltham Forest.

If you have completed a paper application form you will not be able to check your application online.

We never give out any offer information over the telephone. If you complete a paper form you will receive your offer letter by post. Online applicants will not receive a letter.

**Please Note** If you apply online you must not submit a paper form as well.

Supplementary Information Forms (SIFs)

Holy Family Catholic School and Sixth Form and Highams Park School require extra information which we do not collect on the Waltham Forest application form. This is available from the schools’ website and should be returned to the school when completed.

If you are applying for a school outside of Waltham Forest you will need to check with that local authority to find out if you need to complete a SIF.

Filling in your form

We may undertake checks to verify any information provided on your application form. We may ask for copy documents but reserve the right to ask to see originals at any stage in the process plus additional documents if required. If false or misleading information is provided then we have the right to:

• Withdraw an offer of a school place; or
• If an offer has not been made, process the application with the correct information as a late application.
Section 1

Your child’s details

Name and date of birth – please give your child’s name and date of birth exactly as it appears on their birth certificate.

Address – the address you provide must be your child’s permanent address. This must not be an address of another family member or another adult who looks after your child and does not have parental responsibility for your child.

• We will not accept a business address or a second home as a ‘normal permanent place of residence’.
• We will not accept temporary addresses, if for example, your permanent home is undergoing building works or because you are having domestic difficulties.

If parents are separated and have equal custody then they must select one parent’s address to be used for the application. You will not be able to change to the other parent’s address mid-year unless the current arrangements as dictated by the Courts have changed. You must also provide a copy of any custody or residence order.

We check that the address you give is where you and your child are living to prevent fraudulent applications.

What documents do I need to provide?

We check evidence submitted to prevent fraudulent applications. Information supplied during the application process may be shared with other departments and organisations for the prevention and detection of crime.

You will need to provide copies of documents that provide evidence of:

1. Your home address (for example a central/local government letter* such as housing benefit, current council tax or NHS letter, or a recent utility bill or bank statement**), driving licence
2. Your child’s date of birth (for example a birth certificate)
3. Your child’s home address which should be the same as your home address (for example a central/local government letter* such as child benefit, child tax credit or housing benefit, an appointment letter with a professional (eg Doctor, dentist, hospital), or a bank statement in the child’s name**). You can submit an official document or letter with your child’s name and address.

These examples are not an exhaustive list.

If you have moved within the last 3–6 months, please also provide evidence of a closing of council tax account from your previous address.

We reserve the right to request further evidence if required.

* This must be dated within the last 12 months.
** This must be dated within the last 3 months.

Additional evidence required for specific criteria

If you are applying under any of the following criteria please refer to pages 12–13 for details of the additional evidence required:

• Looked After Child
• Medical/Social
• School Staff Child

If you apply online you must scan and attach the above documents to your application once you have submitted it. You will receive an email confirming receipt of each document. If you applied on a paper form, you must send photocopies of your documents with your application.

If you have problems attaching your scanned documents, please email us at admissions@walthamforest.gov.uk

Please Note

If you provide a temporary address, we will only accept it if the tenancy agreement is for longer than 12 months.

Fraudulent Applications

It is really important that the admissions system is fair to all applicants. It would be cheating to use a friend or relative’s address, a business address or by temporarily renting a property near to a popular school. Each year a small number of parents try to obtain a school place by providing false or misleading information. We always investigate if we believe you have provided false or misleading information to gain admission to a school. Any school offer found to be based on a fraudulent or misleading application will be withdrawn.

Moving house

You must provide the address on your application form where your child is living on 31 October 2017.

• If you move house after 31 October 2017, please let us know immediately.
• If we receive the required proof of your new address by 5.00pm on 10 December 2017 and you are in residence; we will be able to use your new address to measure your home to school distances.
• If we receive the information after 5.00pm on 10 December 2017 we will ensure that your offer letter is sent to your new address but we will not be able to use this for the purposes of allocation.

If your new address is not in Waltham Forest you must also inform the admissions team in the local authority to which you are moving.

Guardianship

Guardianship only applies if the relatives can prove that they have full responsibility for the child and that the normal, permanent residence is not the parent’s address.

Apply online at www.eadmissions.org.uk admissions@walthamforest.gov.uk
If the child lives with the relatives on a full-time basis, both during the week and at weekends, this is more likely to be accepted as a formal arrangement. There must be proof that the relatives care for the child on a full-time basis by providing a residence order or documents to show who receives any benefits for that child.

If a child does not live with their birth parents and relatives look after the child, documentary evidence, such as a will or a court order, must be shown as proof that the relatives are the child’s guardians.

Collecting children from school and looking after them until the parent collects them is not guardianship; nor does it apply if the child sleeps at the relative’s house regularly but still lives part-time with the parents.

Your details

Please provide the details of one parent or carer and your contact details. Please ensure you include your daytime and mobile numbers and your email address as we may need to contact you. It is important that you keep admissions updated of any changes to your telephone numbers and email address so that our records are up to date.

Listing schools on your form

- We strongly recommend that you list six schools on your application form. Please list them in the order you most prefer them. Page 14 explains why this is so important.
- Do not list independent or private schools on your application form as you need to apply directly to those schools and not through Waltham Forest.
- If your child already has a sibling (brother or sister) at one of your preferred schools, you must still list that school on your application form and provide their sibling’s name and date of birth.
- If you only apply for one school, you will only be considered for that school.
- If you list the same school more than once it will not increase your chances of being offered that school.
- If we are unable to offer you any of your preferred schools we will allocate a place at the school nearest to your home that has an available space. This is known as an ‘alternative offer’.
- No school will know the order in which you have listed them on your application form or which other schools you have named on the form, as this information is confidential prior to the allocation of places.

Siblings

Sibling means:
- A full brother or sister
- A half brother or sister
- A step brother or sister
- A foster brother or sister
- The child of a parent or carer's partner living at the same address.

In all cases the sibling must be living at the same address and must still attend the school at the time of admission of the child for whom the application is being made. If you do not provide the name and date of birth of your child’s sibling when you make your application we will not be able to take it into account and it will affect your child’s chances of being offered a place at that school.

Medical or social reasons

If you feel that your child has an exceptional medical or social need that requires your child to attend a particular school you must tick ‘yes’ to the relevant question on the application form or online and complete the ‘reasons’ box. You must also provide evidence to support your application, as shown below. See page 12 for further details on medical or social request.

Medical

You and your GP must complete a medical form which can be requested from the School Admissions Service or downloaded from www.walthamforest.gov.uk. Please note your doctor may charge for this service. If you have written evidence from a relevant independent professional, such as a consultant or psychologist, please submit it.

Medical conditions affecting mobility will only be considered for the nearest school to the child’s permanent address.

Social

The professional evidence from a relevant independent professional, such as a social worker or psychologist, must outline the specific social need for your child or family. You must tell us why the social need can only be met by your child attending the particular school.

You can scan and attach the relevant evidence as part of the online application process or scan and send it to admissions@walthamforest.gov.uk. We will also accept copies of the evidence by post.

You must provide this evidence by the closing date.

There is no guarantee that you will get a place at your preferred school as we have to be convinced, from the independent evidence provided, that the specified school is the only school that can meet the defined needs of the child.

Please Note

Your medical and/or social evidence must be submitted with your application in order to be considered.

Declaration and signature

When you have completed your application form, you must sign it to confirm the information you have provided is correct. There is an equivalent process if you apply online.

Apply online at www.eadmissions.org.uk admissions@walthamforest.gov.uk
Submit your application by 31 October 2017

If you apply online:
Before you submit your online application read it through carefully to check you have completed all sections of the form.
Once you have submitted your form by pressing the ‘submit’ button you will receive an email confirming that your application has been successfully submitted.

If you apply on a paper form:
Before you submit your paper application read it through carefully to check you have completed all sections of the form.
Please make sure that you allow enough time for your application form to reach us by 11.59pm on 31 October 2017.
You are responsible for ensuring that your application reaches Admissions before the deadline. If you are posting your application please ensure that enough postage is paid, the Local Authority will not pay excess postage due to take delivery of the application.

Late applications
Applications received after 31 October 2017 will be classed as late.
Late applications can still be made online until the end of June 2018.
Late applications will be considered after all the applications received on time have been processed, i.e. after 1 March 2018.
Late applicants are very unlikely to be offered one of their preferred schools.

Late for Good Reason
If there are exceptional circumstances why your application was received after the deadline, please provide evidence, along with your letter explaining why the application is late. Please note, a letter without supporting evidence will not be considered.
Where the School Admissions Service agrees that there are exceptional circumstances, late applications will be treated as on time and will not be disadvantaged if they are received by 5.00pm on 10 December 2017. Postal delay is not considered to be an exceptional reason and the franked date-stamp mark on the envelope will not be considered as proof of postage.

Change of preferences

Before the closing date
If you have applied online you can make changes to your school preferences by returning to the online application website (www.eadmissions.org.uk) and editing your application.
If you have applied on a paper application form any changes you want to make to your school preferences before 31 October 2017 must be made on a new application form available from www.walthamforest.gov.uk

After the closing date
Any changes you make to your school preferences after the closing date must be made on a Change of Preference Form available from www.walthamforest.gov.uk. This will be considered as a late change of preference and your application will be considered with other late applications.
You will only be allowed to change your school preferences twice after the closing date.
If we are able to offer you a place based on your change of preference we will write to you and your original offer will be withdrawn.
Admissions criteria for Waltham Forest community schools

Special Educational Needs

Children who have a Statement of SEN or Education, Health and Care (EHC) Plan are placed in schools under the terms of the Education Act 1996 and the Children and Families Act 2014. They are not considered under the Admission Criteria referred to below. These children and young people will be allocated a place at the school named on the statement or EHC Plan.

If there are more applications than there are places available at a school, we will use the following criteria, in priority order, to decide who should be offered a place.

### Priority 1 – Looked After Children or Children ‘at risk’
### Priority 2 – Medical or Social reasons
### Priority 3 – Siblings
### Priority 4 – School Staff Children
### Priority 5 – Distance

#### 1. Looked After Children or Children ‘at risk’

A looked after child is a child who is or was:
- in public care i.e. in the care of a Local Authority; or
- being provided with accommodation by a Local Authority in accordance with Section 22 (1) of the Children Act 1989.

For admission purposes, a ‘looked after’ child is a child currently in care or a child who was in care but became subject to an adoption order, child arrangement order, or special guardianship order, immediately after leaving care.

A child is ‘at risk’ if they are currently on or subject to a Child Protection Plan.

If the child is in public care, the application must be completed by their social worker with the name of the local authority, together with a covering letter. If the child is adopted from care, you must provide a copy of the Court Order.

#### 2. Medical or Social reasons

Medical or social reasons can only be taken into account where information is provided by the closing date. Failure to provide such information at that stage may affect whether or not the child is allocated a place at the preferred school under this criterion.

Applications will only be considered under this priority if they are supported by a written statement from a doctor, social worker, psychologist or other relevant independent professional. The information must confirm the exceptional medical or social need, and demonstrate how the specified school is the only school that can meet the defined needs of the child.

In all cases the medical or social need must be permanent or long term.

For medical conditions affecting mobility, consideration will only be given for the school nearest to the child’s home.

Examples of possible exceptional medical or social reasons:
- Any acute or chronic condition that would make it difficult for a child to attend any school other than the closest school to the child’s address
- Any acute or chronic medical condition that requires regular, long-term attendance at a particular medical establishment which is closest to the school named
- A child and their family who are considered ‘at risk’ due to circumstances beyond the family’s control such as fleeing domestic violence (housed in a refuge in Waltham Forest) consideration may then be given for the named child to be given a school away from the area of their previous home address for safeguarding purposes
- An existing restraining order that may put a family ‘at risk’ if the school were to be outside the remit of distance agreed by the courts.

The decision for community and voluntary controlled schools will be made by a panel of officers based upon the evidence provided. The panel reserves the right to seek additional professional advice as necessary. Own Admission Authorities, for example Academies, Trusts, Faith Schools, are responsible for making this decision.
3. Siblings

Sibling means:

• A full brother or sister;
• A half-brother or sister;
• A stepbrother or sister; and
• A foster brother or sister;
• The child of a parent or carer’s partner living at the same address.

In all cases the sibling must be living at the same address and must still attend the school at the time of admission of the child for whom the application is being made. If you do not provide the name and date of birth of your child’s sibling we will not be able to take it into account and it will affect your child’s chances of being offered a place at that school.

4. School Staff Children

Children of members of staff who have been employed at the school for two or more years at the time at which the application for admission is made, or who are recruited to fill a vacant post for which there is a demonstrable skill shortage.

You must provide a letter from the school in support of your application confirming that you are employed by them and fall within this criteria.

5. Distance

Distance is measured from the child’s permanent address to the main gate of the school.

• Distance is measured using a straight line (using the Local Land and Property Gazetteer).
• All distances will be measured in miles using a computerised mapping system called Routefinder GIS.
• If more than one applicant lives in a multi-occupancy building (for example, flats) priority will be given to the applicant whose door number is the lowest numerically and/or alphabetically.
• Where two or more applicants (who are not from multiple births) are found to live exactly the same distance from the school, a lottery tie-break draw will take place with the assistance of a third impartial party.

Please Note
All distances will be measured using this system, which is the only one that will be used in the allocation of school places by Waltham Forest School Admissions Service.

Multiple births

If the last child to be offered a place is one of multiple births, all multiple birth siblings will be admitted to the school.

Automatic Transfers for Buxton and George Mitchell All Through schools

Buxton and George Mitchell All Through schools offer automatic transfer of students from the primary phase to secondary phase.

If you have a child who is in Year 6 at either of these schools and you wish them to automatically transfer to Year 7, the school will advise you what to do to follow their automatic transfer process.

Single Sex Schools

The admissions criteria for single sex schools does not give priority to parents who wish to apply to a school solely on the grounds that they require a single sex education for their child.

Please Note
Connaught School for Girls and Norlington School and 6th Form will apply the Waltham Forest community schools criteria.
Applications are processed using a system known as equal preference. This means that for each of your preferences we will use the admissions criteria to work out whether we can offer your child a place at any of your preferred schools.

- The Governors of academies, free, foundation and voluntary-aided schools rank the applications for their school. This means they let us know who to offer a place by listing all students who have applied in the order of their admissions criteria.
- Other local authorities let us know which Waltham Forest residents can be offered places in their schools.
- If more than one place can be offered to your child, we will offer the highest possible preference. This is why it is so important to list schools in the order you most prefer.

### Getting the result

#### Application received

#### Criteria applied to each preference

#### Places are offered up to the published admission number at each school

#### Highest possible preference offered to each child

Sometimes we cannot offer any school listed on a child’s application form. This is because the schools listed are oversubscribed. Other applicants were successful in meeting the admissions criteria. For example, other applicants lived closer to the school.

If this happens we will offer your child a place at the nearest school to your home address that has an available place (an alternative offer). This could mean that your child is offered a place at a school some distance from your home.

### The result of your application

<table>
<thead>
<tr>
<th>Date</th>
<th>What will happen</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 March 2018</td>
<td>Online applicants will be sent an email during the evening with the result of their application. Wait until you have received this email before logging into the eAdmissions website.</td>
</tr>
<tr>
<td>1 March 2018</td>
<td>Offer letters will be sent by first class post to applicants who have applied on a paper application form only.</td>
</tr>
<tr>
<td>2 March 2018</td>
<td>Offer letters should be received in the post, but because of variations in Royal Mail delivery we cannot guarantee this.</td>
</tr>
</tbody>
</table>

### Accepting the offer

Whether you apply online or on a paper form, you will need to confirm whether you want to accept the offer or not by 15 March 2018.

If you applied online, you will be able to accept your place online by logging into your account to see your ‘My school admissions’ page then select ‘View outcome and respond’.

If you have received an offer letter, please complete the reply slip and send it back to the School Admissions Service.

If you have not been offered your preferred school, you are strongly advised to accept the school place you have been offered to ensure that your child has a school place for September 2018. Accepting the place offered will not affect your chances of being offered a place at a school you prefer more, either through the waiting list or through the appeal process.

### Declining the offer

If you do not want the place offered you can decline it online (if you applied online) or by filling in the reply slip on your offer letter. You are legally responsible for ensuring that your child receives full-time education, so you must also tell us what alternative arrangements you have made e.g. home education. You are advised to accept the offer and then contact admissions to discuss your options.

### Alternative offers

If we are unable to offer you any of your preferred schools we will allocate a place at the school nearest to your home that has an available place. If you wish to decline the alternative offer please refer to the ‘How places were allocated breakdown’. This will be available on the Waltham Forest website www.walthamforest.gov.uk from 1 March. This breakdown will list those schools in Waltham Forest with available places at National Offer Day. Should you then decide another school with places would better meet your child’s needs, you must contact the School Admissions Service at admissions@walthamforest.gov.uk for your child’s alternative offer school to be changed.
Waiting Lists

Whether you apply online or on a paper form, you must let us know if you want to be on the waiting lists for any higher preference schools when you receive an offer of a school place.

- If you would like to be on those higher preference waiting lists please tick the box next to the school’s name. If you are responding online please write the name of the school(s) in the response section.
- If you want to accept the offered school and do not wish to be placed on the higher preference waiting lists, do not complete the waiting list section.
- If you wish to amend your preferred school(s), you must complete a change of preference form.
- Waiting lists for Waltham Forest schools are ordered in accordance with the admission criteria for each school.
- Places are allocated to children from the top of the waiting list as vacancies arise.
- Waiting list positions can change at any time depending on other applicants’ circumstances and it is important to note that your child’s position may go down as well as up if other applicants join the waiting list.
- The date of your application does not affect your waiting list position once it has been processed.
- Being on a waiting list is not a guarantee of a place at the school.

If we are able to offer your child a place from the waiting list we will email or write to you. If you want to be placed on the waiting list for any lower preference schools, please contact the School Admissions Service at admissions@walthamforest.gov.uk

If you are offered a place from the waiting list, you will need to confirm whether you want to accept the place. This place will only be held for seven days. After seven days, we will revert back to your child’s previous accepted school offer and withdraw the higher offer. Please send your response to admissions@walthamforest.gov.uk

For Waltham Forest schools, waiting lists close on 31 August 2018 (with the exception of Eden Girls School, Waltham Forest which closes on 31 December). If you then want to rejoin the waiting list for any school you will need to re-apply by completing an ICAF, available on www.walthamforest.gov.uk, listing your new school preferences. These waiting lists will then remain open until the end of June.

School admission appeals

If your child is not offered a place at one of the schools you listed on your application form you can appeal against this decision to an independent appeal panel. You will be given details of how to make an appeal in your offer.

The deadline for receipt of appeals is 29 March 2018, in order for appeals to be heard in May/June. If you appeal after the deadline, your appeal will be heard after the main round of appeals. Appeals will be heard within 40 days of being submitted.

Appeals are heard by panels of people who have not taken part in deciding how places were offered on National Offer Day. The clerk to the independent appeal panel will write to you with details of your appeal date. You will be invited to present your case in person and you will be allowed to bring a friend or representative to help you, if you wish.

If you would like your case to also be considered under the Medical/Social ‘criteria’ and discussed by the relevant medical/social panel you need to request this in writing separately from the appeal. Any medical/social cases which are part of the appeal will not automatically go to the medical/social panel unless expressly asked by the parents.

We can normally only consider one appeal for each school within the same school year. In exceptional circumstances you may be able to appeal for the same school more than once, but there would have to be changes to your personal circumstances for this to be allowed.

If you are appealing for an academy, free, foundation or voluntary-aided school or a school in another local authority, you must check the closing date with that school or local authority, as they might be different. Your appeal must be sent directly to the school or local authority concerned.

Where possible, appeals for late applications will be included with those being heard for the same admissions round.

Please Note: This appeals process is the only recourse for a parent and any lobbying of Councillors or MPs will not influence the school offer in advance of an appeal.

Please Note: If you want to be added to the waiting list for a school that is not in Waltham Forest you will need to contact the local authority where that school is located and ask for their procedure to be placed on the waiting list.
“I would like to congratulate you, your staff and pupils on the high level of progress your pupils make.” Schools Minister MP Nick Gibb, March 2017

School Aims

We provide educational experiences both in and out of class which inspire our students to be the best that they can be. Our excellent GCSE results reflect the very high expectations we have for our students. These high academic standards are built upon a firm foundation of family values where every child feels safe, valued and has the opportunity to fulfil their potential.

We are a mixed, and non-selective, inclusive community school that sits in the heart of the community.

Working in partnership with our supportive families and dedicated teachers we will continue to set high standards for our students and ensure that they achieve more than they ever imagine possible.

We aim for our students to leave Buxton School as confident, independent and ambitious learners ready to take the next steps in their education and careers.

Curriculum

As an all-through school, comprising a primary and secondary, many of our students will start with us as three or four year olds and stay right through until they become young adults at 16.

This continuity is one of the many reasons why our students achieve such high levels of progress throughout their education at the school.

Our curriculum is tailored to maximise student development where young people are given access to learning opportunities at the appropriate stage of their education.

Key stage 3

In consultation with our primary phase, our Key Stage 3 curriculum has been specially adapted, in line with the National Curriculum, to support the transition from primary to secondary.

Key stage 4

Our flexible three year KS4 curriculum allows students to explore their learning interests at a speed that meets the individual needs of the student. At the heart of this learning journey, however, is a relentless focus on the core curriculum of English, maths, three sciences and ICT.

Additional needs and personalised learning

Teachers and support staff have a thorough knowledge of students to make sure they are stretched, supported through difficulty and their education is personalised.

Children’s personal education and support needs are identified early on during their time at the school which means students of all abilities are appropriately challenged in their learning.

We have a programme specifically tailored for More Able students with teachers and support staff who are providing opportunities for them at every stage in their education.

We have a resource provision for students with an Education Healthcare Plan (Statement) in speech, language and communication.

Behaviour for learning

‘A strong feature of Buxton School is the way in which students get on well together. Students of all ages, from a range of backgrounds and cultures, are well supported, settle in quickly and make friends. They are polite, well-mannered and courteous. Behaviour in lessons and around the school is good.’ Ofsted March 2013.

The expectation of very high standards of behaviour must be met by our students. They are made aware of their responsibilities to others in the local community and are encouraged to work cooperatively. We pride ourselves on being a safe, supportive and caring yet disciplined community.

Additional opportunities

Our extended school status enables us to provide many extracurricular opportunities.

Breakfast Club operates from 7.30am and there are many lunchtime and after-school activities. We are open on Saturdays and during the school holidays for a wide range of events and classes.

Many of our students enjoy the reward of trips. These include universities, to France, theatres, museums etc. Children can learn to play a musical instrument or become part of the Duke of Edinburgh scheme. Please see our website for more information.

Parental partnership

Our recent exam success could not have been achieved without the support and dedication of our parents and carers. To that end, it is very important to the school that we develop a strong working partnership with our families to ensure that our children are supported, challenged and inspired.

Admission criteria

Admission numbers

Buxton Secondary phase will admit 180 students into Year 7.

Children with Special Educational Needs

Children who have a statement of SEN or Education, Health and Care (EHC) Plan are placed in schools through the arrangements
must still attend the school at the time of admission of the child for whom the application is being made.

5. School Staff Children
Children of members of staff who have been employed at the school for two or more years at the time at which the application for admission is made, or who are recruited to fill a vacant post for which there is a demonstrable skill shortage.

6. Distance
Is measured from the child’s permanent address to the main gate of the school in Woodhouse Road.
- Distance is measured using a straight line (using the Local Land and Property Gazetteer).
- All distances will be measured in miles using a computerised mapping system called Routefinder GIS.
- If more than one applicant lives in multi-occupancy building (for example, flats) priority will be given to the applicant whose door number is the lowest numerically and/or alphabetically.
- Where two or more applicants (who are not from multiple births) are found to live exactly the same distance from the school, a lottery tie-break draw will take place with the assistance of a third impartial party.

Note: All distances will be measured using this system, which is the only one that will be used in the allocation of school places by Waltham Forest Admissions Service.

Appeals against non-admission
The Governors of the school are the admissions authority. If you are unsuccessful for a place at the school, the decision would have been made by the Governors. See school website for details of the appeals process.

Waiting lists
Waiting lists will finish at the end of August for Secondary transfer. Parents after this date will have to complete an iCAF application from September 2018.

The waiting list will be prioritised according to the school’s oversubscription criteria. Should a vulnerable child meeting these protocols require a place at the school, they will take precedence over any child on the waiting list.

In Year admissions
Any applications for a school made outside the normal year of entry must be made directly to Waltham Forest’s School Admissions Service who will offer places on behalf of the Governing Body. The school is committed to Waltham Forest’s In-Year Fair Access Protocols.
The school is very inclusive and works effectively in its aim to ensure all students are provided with the right conditions and support for learning.” (Ofsted)

School Aims
The ‘Quality Statement’ summarises our aims and our contract with students and parents. We aim to ensure:
• Students achieve above expectation in their curriculum
• That students show respect, responsibility and leadership
• That all students take part in extra-curricular activities and make a contribution to their community
• That students are aspirational and go on to further education and are a success in the world of work.

Curriculum
Key Stage 3 (Years 7 and 8)
Students follow a broad and balanced curriculum with an emphasis on the core subjects, English, Mathematics and Science. To personalise learning a number of different groupings are used and we run a more integrated curriculum for our most vulnerable students. Every student studies core subjects plus Art, Music and Drama. We also specialise in Humanities and Sports.

Key Stage 4 (Years 9, 10 and 11)
The strong emphasis on the core subjects continues into KS4 and continues to include Religious Studies. In addition students have a very wide range of option subjects which as well as academic choices includes practical and vocational subjects. Every student also has two hours a week of PE as well as Careers and Citizenship. There is a very successful ‘English Baccalaureate’ curriculum pathway for more able students, supplemented by our ‘Beyond Horizons’ programme targeting preparation for Universities.

Key Stage 5
Chingford Foundation School has an academic VI Form where students study for a wide range of A-level subjects, choosing four subjects in Year 12 and usually continuing with three in Year 13. All students study General Studies A-Level and Careers support, PSHE and PE enrich the curriculum further.

Additional needs and personalised learning
We understand that boys and girls have different learning styles and this informs the way we organise the learning for our students. Our ‘Code of Expectations’ means that learning includes shorter, more tightly defined lessons, clear objectives, regular opportunities for feedback on student’s progress, a brisk business like pace to lessons and more opportunities for the student to take responsibility. Students with Special Educational Needs have a specialised integrated programme which enables outstanding progress to be made.

Behaviour for learning
Our ‘Rewards and Sanctions’ policy is predicated on supporting students’ moral and social development. Disruption of any kind is tackled firmly and parents are informed of every instance of both good and bad behaviour, by mail, text or telephone so action can be taken at home. A high profile ‘Honours Board’ celebrates rewards and a tariff system exists to eliminate anti-learning behaviour. Students are trained to ‘self-regulate’ to an outstanding standard.

Additional opportunities
Our Extension Programme includes a rich programme of extra-curricular activities in sports and arts. A Saturday College is also offered where a wide range of activities augmenting students’ curricular experience can be enjoyed.
Visits are regularly organised to support the taught curriculum including theatre visits and fieldtrips, particularly around our specialisms. In addition, a wide range of other trips abroad are organised.

Parental partnership
Open access Parents’ Forum and a strong Parent’s Association Supports the school and staff in providing the best possible education, social and community opportunities for students.
Chingford School has a proud history dating back to 1938. The school cherishes its history and knows that it contributes to our students’ sense of belonging and community engagement. We know the lessons from the past contribute to our increasing success in the future.
Chingford Foundation School became an Academy on 1 September 2012, as sponsor of a multi-academy arrangement which includes Rushcroft Foundation School.

Admission criteria
The admission of students is controlled and administered by the Chingford Academies Trust. Students will be admitted normally at age 11 and without reference to ability. The published admission number will be 240.
The admissions arrangements provide that when applications for admission exceed the number of places available, places will be offered in accordance with the following criteria:
The catchment area is defined as follows:

(a) Looked after children and all previously looked after children. Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a child arrangements order or Special Guardianship Order).*

(b) Children who have a sibling on roll at Chingford Foundation School at the time of admission.**

(c) Children who have medical grounds for special consideration (supported by documentary evidence from a Specialist Doctor, not a GP), places will be allocated on medical grounds if, in the opinion of the Admissions Panel, exceptional circumstances prevail which make it essential that the child attends Chingford Foundation School.

(d) Children of staff in either or both of the following circumstances:
   1) where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made, and/or
   2) the member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage.

(e) Other children within the catchment area, in order of distance from the school, defined as a straight line from the measurement point of the child’s home address (as defined by the Ordnance Survey) to the main pedestrian gate, using the Local Authority’s computerised measurement system, priority being given to the nearest child/children.***

The criteria will be taken in order of the list above.

Waiting List

Applicants who are unsuccessful will be given the option of going onto a waiting list. In the event of a place becoming available, the over-subscription criteria will be applied, as at the time the place becomes available, to those on the waiting list.

Late Applications

Applications received after the closing date from families who have relocated to the area will be considered providing the application is received before decisions have been made on offers by Governors. Other late applications will be placed on the waiting list after the National Offer Day in March in accordance with the over-subscription criteria and waiting list process.

Fair Access Panel – In-Year Admissions

The Waltham Forest Fair Access Panel may require the Academy to admit a child in order to protect the interests of vulnerable children and those with challenging behaviour.

Please Note

* A ‘looked after child’ is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions. (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. Also included in this over-subscription criterion are: children who were adopted under the Adoption Act 1976 and children who were adopted under the Adoption and Children’s Act 2002 (see section 46 adoption orders).

** ‘Sibling’ refers to brother or sister, half brother or sister, adopted brother or sister, step brother or sister, or the child of the parent/carer’s partner where the child for whom the school place is sought is sister, or the child of the parent/carer’s partner where the child for whom the school place is sought is

*** This criterion relates to the student’s recognised permanent home address and place of residence at the time of the closing date for applications to the Local Authority. Documentation should be included to verify this address. The offer of a place will be revoked if the address given is found not to be the permanent address. Where a child lives with parents with shared responsibility, each for part of a week, the child’s home address will be taken to be the address of the main parent/carer eligible to receive Child Benefit and Child Tax Credit.

The Waltham Forest Fair Access Panel may require the Academy to admit a child in order to protect the interests of vulnerable children and those with challenging behaviour.
‘SEIZE THE DAY’

“Pupils enjoy coming to Connaught School for Girls... the behaviour of pupils is also a strength of the school…” (Ofsted 2016)

School Aims

These were developed collaboratively by students, staff and governors and feature: the promotion of positive attitudes towards everyone; encouraging students to achieve their very best to become life-long learners and fostering safety, respect, self-confidence and responsibility.

Standards are high and students continuously achieve excellent examination results making exceptional progress which places us consistently in the top 10% of schools nationally. Our school motto is ‘Seize the Day’, illustrating that we believe that there should be no boundaries to our students’ aspirations as women in local, national or global contexts.

Curriculum

Key Stage 3

Connaught provides a balanced and broadly based curriculum which promotes the spiritual, moral, cultural, mental and physical development of the girls at the school and prepares them for the opportunities, responsibilities and experiences of later life. All girls study: English, mathematics, science, history, geography, RE, PE, French, art, technology (textiles, food and product design), drama, music, computing, citizenship, careers education and PSHE. From Year 8 girls are taught Spanish in addition to French. Students are placed in sets according to their ability for mathematics and science. All other subjects are taught in mixed ability groups.

Key Stage 4

All students study English, English literature, mathematics, science, a foreign language, RE (including citizenship), PE and a choice of three option subjects from a range including humanities, the arts and technology. Provision is made for personal, social & health education and impartial careers advice. Some students study the separate ‘triple’ sciences and some study two languages.

Additional needs and personalised learning

The curriculum is carefully organised and provides opportunities for students to succeed. Each student is a member of a mixed ability tutor group. Heads of Year, with tutors, are responsible for the general welfare, progress and behaviour of the girls. The Learning Support team are used effectively and have a positive impact on student progress. In Year 9, more able students can opt to start a triple science course leading to three GCSEs and in Year 10, there is a “fast track” French group taking a one year GCSE course. Students are encouraged to become independent learners through attending different clubs and by completing their homework tasks.

Behaviour for learning

Behaviour is excellent in lessons, around school and outside of school. The positive school ethos comes from students’ considerate, thoughtful behaviour. The approach to discipline and good behaviour is based on the quality of the relationships between teachers and students. The whole school behaviour policy is embedded, students are aware of the consequences of their actions and staff have high expectations. An established reward system is an important part of our teaching throughout the school. School Council and peer mentors work on anti-bullying campaigns and there are few reports of bullying.

Additional opportunities

There is a large range of extra-curricular activities during lunchtime and after school which include football, karate, Duke of Edinburgh, steel band, textiles and debating in addition to intervention sessions which extend subject knowledge and help with revision or to develop new skills. Peripatetic music lessons are also available.

The school organises a variety of visits such as to the theatre, museums, and galleries. We have links with European schools and trips take place to France, Germany, Spain and Belgium. We encourage students to take responsibility within school whether as Form Captain, as a prefect in Years 10 and 11, a member of the School Council or as a member of the school’s newspaper team.

Parental partnership

At Connaught we strive to be a community working together and achieving together in an atmosphere of mutual respect. Each student has a diary for regular contact with parents/carers and reports on progress are sent home each term. Parents/carers are invited to annual consultation meetings. We also hold regular, popular ‘Time 4 Us’ parent/carer workshops on a variety of themes throughout each academic year. The school website provides further information.

Admissions criteria

Connaught School for Girls’ admission criteria is the same as a community school. For full details, please see pages 12–13.
Converter Academy status: School for girls 11–16

Specialist Status: Language College
“Leaders, including the trust, have helped the local community to realise its dream – to create a school where pupils are nurtured and inspired to become tomorrow’s leaders.” (Ofsted 2017)

**Vision**

Nurturing Today’s Young People, Inspiring Tomorrow’s Leaders.

**Our Mission**

To promote a culture of educational excellence, from within a caring and secure Islamic environment enriched with the values of discipline, mutual care and respect which extends beyond the school into the wider community.

Our mission consists of three key elements:

**Educational excellence**

- A belief that everybody has the potential to succeed within a high quality and intellectually challenging educational environment.
- A commitment to instilling high aspirations, a desire to learn and ambition to achieve.
- A personalised approach to securing excellence, stemming from a passionate belief that each individual is unique and special and capable of rising above any perceived limitations.

**Character development**

- A cohesive identity so that our pupils, their parents and communities feel a strong sense of belonging to the Tauheedul “family”, regardless of faith or background.
- A passionate focus on a values-based education that instils honesty, integrity, compassion and mutual respect into all our pupils.
- A strong core of tenacity, self-respect and self-belief that inspires each pupil to become the best person they can be.

**Service to communities**

- A determination to develop outstanding British citizens who are proud of, and contribute to, the social and economic prosperity of our country.
- A sense of personal accountability and of responsibility to others.
- A commitment to charitable endeavours and to making a difference to our world.

**Curriculum**

We firmly believe that every student can benefit from a broad and balanced academic curriculum. The School Curriculum will closely follow the National Curriculum, which:

- is a framework given to teachers by the Government, so that all students are taught in a way that is balanced and manageable, but hard enough to challenge them
- sets out the most important knowledge and skills that every student has a right to learn
- gives standards that measure how well students are doing in each subject so teachers can plan to help them do better.

As an academy, we are required to provide a curriculum that includes English, Mathematics and Science, and to make provision for the teaching of Religious Studies. Beyond this the school has the freedom to design a curriculum which meets the students’ needs, aspirations and interests. At the core of the school will be a specialist and obligatory menu at Key Stages 3 and 4 for all students of academic subjects, leading to the English Baccalaureate. This basic curriculum will be enhanced by the addition of enrichment activities and Specialism Days.

A bespoke vocational route, which will be tailored to the specific needs and interests of the students concerned in any specific cohort.

**Key Stage 5**

At Eden our aim is to enable our girls to have successful careers by enabling them to progress into higher education; and then into successful careers and apprenticeships as well as into professions.

**Additional needs and personalised learning**

Your child will be allocated to a form class led by a Learning Co-ordinator. The Learning Co-ordinator will see your child daily, help them set and review learning and spiritual (or personal) goals, and liaise with you if there are any concerns or issues. Support will be provided for students with Special Educational Needs and Gifted & Talented students to enable them to make good rates of progress and to meet their needs. The offer will include booster sessions after school and holiday sessions.

**Additional Opportunities**

There will be lots of opportunities for your child to take part in extra-curricular activities at the school.

All subjects will have clubs that your child can join, competitions and activities that they can participate in, and trips that will develop them personally and academically outside of the classroom. The school’s enrichment prospectus will set these out in detail.

Mosaic Enterprise, Challenge, Outdoors Education and other local and national initiatives, will encourage your child to enjoy their learning beyond the school gates.
There will also be special days when the timetable is collapsed and your child will take part in learning involving the school’s specialisms of Leadership.

Our programme of outdoor education and adventure trips is also an integral part of our strategy to secure educational excellence.

**Parental partnership**

The school works closely with parents and carers. Our pursuit of excellence is based upon our unshakeable belief that every person is unique and special and has the capacity within to succeed – but we cannot achieve this without parents’ support. Parents/carers are invited to annual consultation evenings and will receive half-termly report cards to keep informed of their daughter’s progress and behaviour in all subjects.

**Admission criteria**

Eden Girls’ School, Waltham Forest is part of the Tauheedul Education Trust. The Tauheedul Education Trust has devolved operational responsibility for managing admissions to the Local Governing Body of Eden Girls’ School, Waltham Forest.

As an 11–18 progressive, inclusive and outstanding Muslim faith school, the Governing Body will consider all applications equally without reference to faith.

**Summary of Admissions Policy** (please contact school for full school details)

The published admission number is 120.

If the school is oversubscribed, the school will admit girls in accordance with the oversubscription criteria, once all girls with a statement for special educational needs or education, health and care plan, naming the school, have been admitted.

**Oversubscription criteria**

1. Looked after girls or a girl who was previously looked after, but immediately after being looked after became subject to an adoption, child arrangements, or special guardianship order (see note 1).

2. Girls with a sibling who is a student already attending Eden Girls’ School, Waltham Forest at the time of both application and admission (see note 2).

3. Daughters of staff employed at Eden Girls’ School, Waltham Forest for 2 or more years at the point at which the application for admission is made, and/or the member of staff has been recruited to fill a post where there is a demonstrable skill shortage (see note 3).

4. Girls for whom the Governing Body accepts that they have proven, exceptionally strong special, medical or social circumstances, which are directly relevant to attendance at Eden Girls’ School, Waltham Forest. Professional supporting evidence must be provided by the parent(s)/carer(s) from e.g. a consultant, doctor, psychologist, social worker or from another professional. A place will only be offered, if the Governing Body accepts the view of the professional, which confirms that the existing medical or social difficulties will be exacerbated if admission is not offered at Eden Girls’ School, Waltham Forest (see note 4).

5. A maximum of 50% of the remaining places will be allocated to girls who live nearest from their home to the nodal point of Walthamstow Queen’s Road Railway Station.

6. All other girls who live nearest from home to Eden Girls’ School, Waltham Forest including those who were refused admission under criterion 5.

**Tie-breaker**

If criteria 1–4 and 6 are oversubscribed, then priority will be given to those girls who live nearest from home to school. This will include girls who could not be offered admission under criterion 5. The distance is measured using a straight line from the girl’s permanent address to the main gate of the school, using the Local Land and Property Gazetteer. All distances will be measured in miles by Waltham Forest Council using the computerised mapping system called Routefinder GIS.

If under criterion 5, the number of girls requiring admission is greater than 50%, then priority will be given to those girls who live nearest from home to Walthamstow Queen’s Road Railway Station. The distance is measured using a straight line from the girl’s permanent home address to the main entrance of Walthamstow Queen’s Road Railway Station, using the Local Land and Property Gazetteer. All distances will be measured in miles by Waltham Forest Council using a computerised mapping system called Routefinder GIS.

For all criteria, if the distance from the girls’ homes to Walthamstow Queen’s Road Railway Station or to Eden Girls’ School, Waltham Forest is the same, which includes the same geographical property reference (such as a block of flats), then random allocation will be used as a tie-breaker. The random allocation process will be undertaken by Waltham Forest Council’s School Admissions Team at the Council Offices in the presence of the school representative.

**Address**

The address given must be where the child and parent(s)/carer(s) live permanently. It must not be the child minder’s, grandparent’s or other relative’s address. If parent(s)/carer(s) share custody of a child, then the Governing Body may request to see the court order, child tax credit letter, child benefit letter, medical card or other evidence to establish where the child is resident for the majority of the time during the weekdays. If there is joint custody for the child, then the address of the parent(s)/carer(s) receiving the child benefit will be used.

For full details of our oversubscription criteria and the notes referred to, please see our website www.edengirlswalthamforest.com.
Frederick Bremer School

Siddeley Road
Walthamstow
London
E17 4EY

“This is a good school. The school is an orderly learning environment, which pupils refer to as ‘peaceful’. Inspectors agree. Relationships are positive and the strong community spirit leads to pupils working very well together.” (Ofsted, December 2015)

Our Aim – ‘Be the best you can be’

Frederick Bremer is an excellent local school in the heart of its community, with our values of integrity, respect and responsibility at the heart of our work. We offer a rigorous and exciting curriculum, which balances breadth and depth as well as challenge for all. We are on a rapid trajectory towards becoming an outstanding school. Our enhanced Music provision enables every student to specialise in a classical musical instrument from Y7 and is the core of our Creativity curriculum in years 7 and 8.

Why is Bremer so special? There is an ethos in this school which is unique. While the school is a representative microcosm of its local community in terms of the diversity of our intake, it is held together by an invisible fabric. This is a school where every student is known, where relationships are positive and where children feel safe. In addition, all the stakeholders in the school recognise the value of the community and work incredibly hard to ensure that we all respect and understand our rights and responsibilities as 21st century Londoners. Not only is the school increasingly successful in terms of our GCSE results, but we also recognise the importance of developing the whole child and enfranchising them to be able to become active and responsible citizens and leaders of the future.

Curriculum

Our Music School – Music for all

In March 2014, Frederick Bremer was awarded MISST (Music in Secondary Schools Trust) Status. This programme is supported by the Wolfson Trust and Andrew Lloyd Webber Foundation to ensure all students receive a high quality music education. All year 7–9 students will receive individual music lessons, initially in violin or flute, and then have an opportunity to specialise further in another instrument.

Our Specialist Creativity Curriculum

Students in year 7 and 8 will have an opportunity to specialise in an area of creativity (related to Music, Drama, Arts or Leadership). This is an exciting new curriculum to develop deep learning skills through project based learning which will culminate in a school event or production. Students in Y9 will have the opportunity to opt into a creative arts specialist block, which will lead to an accredited outcome for most by the end of the year.

Key Stage 4

A bespoke pathway approach is in place to ensure challenge and rigour for all. Some students will have the opportunity to take a larger number of GCSE subjects including Triple Science and Statistics, whilst others will be able to choose from more vocational options such as Construction. All Year 10 students spend a Careers Week experiencing a variety of activities such as Interview Days, University visits and visits to local employers or work experience. We have a unique relationship with Simmons and Simmons, a city law firm, enabling selected Year 10 and 11 student to undertake work placement programmes until the end of Year 13 giving them an extra edge in the job market and mentoring from a young graduate within the company.

Additional needs and personalised learning

The school recognises that many students, at some point, in their school career, have special educational needs which may require support. In addition, the school aims to encourage a culture of peer support and inclusion that encourages strong friendship groups for students with SEN/D. We have a large and very successful SEND provision (including a Resourced Provision for students with ASC), enabling our students to succeed within mainstream lessons. Bilingual learners are supported in the classroom by targeted teaching approaches in addition to intensive support for early stage learners of English.

Leadership opportunities

Students have opportunities to take part in a range of leadership opportunities to enable them to develop key skills for life. These include opportunities to be a librarian, peer mentor or subject leader or school prefect. There is also an active School Council who are involved in real life decision making affecting the students in school and there are opportunities for students to understand more about democracy through such events as Mock Elections.

Additional opportunities

There is a range of exciting enrichment activities from Duke of Edinburgh to School Choir, as well as additional learning opportunities after school or Saturday and holiday revision classes. There is a popular and well received school production every year as well as music concerts and art shows. The school teams are incredibly successful and there are also non-competitive sports clubs.

Parental partnership

We believe your child’s success rests on a real partnership between school and home and we undertake a range of activities to ensure parents are best equipped to support their child’s learning. We have an active parent council, in addition to Parent Governors who work closely with us to make the school ‘the best it can be’.

After Frederick Bremer

The vast majority of students leave Frederick Bremer at 16 to pursue their education at local schools with sixth forms or local colleges before progressing to university or full employment. Some students will take up apprenticeships.

Admissions criteria

For full details of the admissions criteria please see pages 12–13.
“This is a Good school. Pupils attend school regularly and have positive attitudes to learning. They behave well in lessons and around the school.” (Ofsted, January 2016)

School Aims

We are committed to providing an excellent educational experience for our students, inspiring them to achieve their full potential, in a happy and welcoming environment.

Our motto ‘More is in Me’ applies to everyone in our school community. We expect and encourage students, staff and families to push beyond themselves to improve their skills so that our students are given the best learning opportunities in school and at home.

Students leave George Mitchell School as secure and healthy individuals who are self-reliant, assured and motivated to succeed. They will have the skills necessary to explore the many opportunities available to them in the world today.

Curriculum

Our curriculum is designed to foster a love of learning. We develop skills, knowledge and understanding in Years 7, 8 and 9 increasing the challenge so that students are ready for Years 10 and 11. We foster an enthusiasm for reading through reading lessons for all KS3 students. Some subjects start their GCSE learning in Year 9.

We encourage engagement with the Arts subjects and Languages, including Home Languages, whilst ensuring strong learning in the core subjects of English, Maths and Science.

The KS4 curriculum of English, Maths, Science and PE is coupled with a wide range of subjects which students choose in Year 9. We offer a range of courses in Expressive Arts, Humanities, Computing and Business, as well as PE, Design and Technology and Triple Science. We also have a range of alternative GCSE qualifications on offer. We encourage a balance of subjects but ensure that we offer pathways that challenge, excite and motivate our students to excel whatever their preferences might be.

Additional needs and personalised learning

We offer personalised learning to ensure that the needs of every student is met. Students are set aspirational targets which are closely monitored by a dedicated team of teachers and support staff. Strategies are put in place to address underachievement where this is identified. The school employs a More Able coordinator whose role it is to identify very bright students. They will make sure that these young people are consistently challenged and stretched.

We have strong pastoral support systems in place. In addition we have a House system to encourage a community spirit. Our children are very clear that pastoral support is strong, and we do not tolerate any forms of bullying. Our Social Inclusion department works with any students who might need a lift in their confidence or support for their emotional needs. Children are at the heart of everything that we do at George Mitchell School.

We have a transition programme in place to ensure a smooth start to children’s secondary experience, with opportunities for parents to contact the school and meet key staff.

Behaviour for learning

OFSTED noted the excellent behaviour of students across the school. We believe that learning is most effective when children are actively engaged in their lessons. Behaviour that falls below our expectations is dealt with firmly. That is why we actively encourage and reward hard work and determination in class time. This is done through our rewards system as well as through celebration of progress made by students.

We encourage students to take responsibility for their learning and behaviour by giving them as much responsibility as possible for their school. We attach great importance to Student Voice, which is renowned locally, nationally and internationally.

Additional opportunities

We believe that children’s learning is greatly enhanced by our extensive range of trips and activities, taking place within the school day and after school, at weekends and in the holidays. We have a hugely popular Breakfast Club. Our Year 7 students are able to take part in a residential team-building Camp in the Autumn. There is wide access to study and ICT facilities with staff on hand to give individual help with any aspect of students’ work.
Parental partnership

We encourage and welcome the involvement of parents and carers. The Headteacher operates an open door policy for parents wishing to discuss their child’s education. More detailed information can be found on our website www.georgemitchellschool.co.uk and in our termly in-house magazine GMTimes. We have a very active Facebook and Twitter page where we post daily updates about all the wonderful things going on at the school. Follow us on Twitter @GMATSchool and Facebook GeorgeMitchellSchool.

After George Mitchell

Students go on to attend 6th Form colleges across London. We encourage students to look beyond their immediate horizons and to consider University and further education. Many ex-students return to us for advice and support.

Admissions criteria

For full details of the admissions criteria please see pages 12–13.

We offer automatic transfer of students from the primary phase to secondary phase. If you have a child who is in Year 6 and you wish them to automatically transfer to Year 7, please contact us and we will advise you what to do to follow the automatic transfer process.
“The school’s work to keep students safe and secure is outstanding”
“Teaching is good and students respond well to the carefully planned lessons”
“...every student, regardless of ability, behaviour or attitude is treated as an individual with the potential to succeed. As a result students flourish and are prepared well for the next stage of their education, training or employment.” (Ofsted 2014)

School Aims
Heathcote School is a welcoming, inclusive community where every student is encouraged and challenged to achieve his or her full academic potential, regardless of their starting point. Our aim is to provide memorable, exciting and effective learning opportunities. We always expect the highest standards from our students and support and motivate them to become life-long learners. We are committed to ensuring Heathcote remains over-subscribed and the school of choice in the local community. The environment is spacious, well-resourced and extremely conducive to learning with plenty of green areas.

Our new Year 7 building provides a unique base for students allowing a smooth transition that will ensure learners make rapid progress, are happy and successful and ready for our ever changing world. Students have a dedicated pastoral team to further develop the qualities we encourage in our students: leadership, organisation, resilience, initiative and communication.

Our transition programme enables students to:
- Reach their academic potential
- Develop new friendships and improve their self-esteem and confidence
- Settle quickly into secondary school life,
- Show an increasing interest in school and school work
- Get used to their new routines and school organisation with great ease
- Experience curriculum continuity.

Curriculum

Key Stage 3
During KS3, we build upon the work achieved in primary schools. We have a strong focus on enhancing student’s literacy and numeracy skills and develop skills unique to each subject area across the varied curriculum, whilst improving independent learning skills through cross-curricula links and projects. We are relentless in our vision to constantly review the curriculum to ensure we are always providing the best opportunities for our learners to be successful in their future pathways.

Key Stage 4
At KS4, the curriculum is more flexible, allowing students to follow a personalised curriculum suited to their needs, aptitudes and interests. In addition to the compulsory core subjects, and a focus on a language and Humanities to meet the current EBacc requirements, students have a wide range of other option subjects to choose from including a wide selection of practical subjects and all the Arts.

Throughout KS3 and KS4, students have an opportunity to play a part in the running of the school, including providing feedback on learning, through the Junior Leadership Team and School Council.

Sixth Form (Key Stage 5)
In the sixth form, we want every student to enjoy and achieve, to be healthy and safe, to lay the foundations of their future economic well-being and to make a positive contribution to society. The purpose built sixth form block offers students an educational experience which is genuinely unique, bringing together students from every social, academic and religious background. We guarantee a warm welcome and smooth transition for all students and ensure one-to-one care and guidance for everyone.

The most important thing about the range of courses offered by any college or sixth form is what they lead to. We believe that the courses we deliver offer students clear paths of progression, whether into Higher Education, onto Intermediate, Advanced or Higher Level Apprenticeships or into employment and further training. For that reason we work closely with every student giving them personalised guidance on their choices for the future.

In addition to this a large number of enrichment activities are available to our sixth form students such as the Extended Project Qualification and Duke of Edinburgh Award, playing for sports teams as well as opportunities to attend university lectures and masterclasses. We encourage all students to develop their leadership skills and to give time back to the school and wider community. Furthermore all sixth form students are given the opportunity to complete a 2 week work placement, enabling them to gain an insight into the working world and allowing them to develop practical knowledge.

Additional needs and personalised learning

We provide a programme of carefully planned and individualised support for those with Special Educational Needs including a specialist Hearing Impaired unit and students make rapid progress in the school. Students with English as an Additional Language are supported in their learning. All teachers provide extended learning opportunities for more able students to ensure they are constantly challenged in the classroom. Outside the classroom, students are provided with a personalised programme of extensive careers guidance for higher education and apprenticeships and opportunities for extension activities, including University visits, summer schools and a “Scholars Programme”.

Behaviour for learning

Our key priority is high quality teaching for all students ensuring motivated and inspired learners. This results in excellent behaviour at all times within the school and also outside in the community. Our House System rewards good behaviour, attendance, achievement and service to the school. All children receive a “Where can I get help?” card providing useful in-school contacts. This includes an email helpline. There is an extensive range of pastoral staff to support students with various issues that may affect them during secondary school; including an Educational Welfare Manager, Attendance Officer and Counsellor.

The first points of contact for student welfare, general progress or behaviour are our Tutors and Learning Managers. Students are organised into tutor groups where they stay throughout their time at school and have assemblies and form periods which support their personal development.

Additional opportunities

Heathcote’s success comes from our commitment to learning but also the vast array of curricular and extra-curricular activities which we offer. The Study Centre opens before school, at lunchtime and after school. Departments run a huge variety of after school clubs which enrich learning. We provide many opportunities for educational visits including visits abroad. Drama and Music productions are very popular and students enjoy sporting success through competitive sport.

Parental partnership

We work closely with parents/carers and believe your child’s success rests on a real partnership between school and home. Staff are available to discuss any concerns you might have and we hold a weekly ‘parent surgery’ where parents/carers can meet with senior staff. In addition, parents/carers are regularly invited to school for events such as Parent's Evenings and parent partnership meetings and there are many opportunities to celebrate progress. As a parent/carer, you will be able to track your child’s progress and attendance using our online systems.

Admissions Criteria

For full details of the admissions criteria please see pages 12–13.
Most have a long association with the school; many are parents of current students in the school or former students of the school. All desire to serve the local community.

There are over 1,550 students including approximately 350 in the 6th Form. The school is very popular and normally receives around 4 applications for every 1 place in the school. The school regularly achieves excellent exam results: most of our 6th Form students go on to University, some to the most prestigious.

Curriculum

On admission to the school in Year 7, students are allocated to a mixed ability tutor group usually on the basis of friendship groups. Each group has a tutor who would normally stay with it from Year 7 through to Year 11, this ensures continuity and builds up strong links. Students’ progress in Year 7 is overseen by the Head of Year 7 who also deals with induction from primary schools. For most subjects students are taught in ability groups based on information from primary school.

Key Stage 3

During years 7 to 9 students follow a broad and balanced curriculum including the following areas of study: English, Mathematics, French, Design & Technology (Construction Materials, Food & Textiles), Science, Computer Science, History, Geography, Religious Education, Art, Music, Drama, Physical Education as well as Citizenship.

Key Stage 4

In Years 10 and 11 students follow GCSE and vocational courses according to their aptitude and choice. There is a core curriculum of Mathematics, English, Science, PE, Citizenship and RE. In addition, there is an increasing range of GCSE and vocational subjects to choose from. Emphasis is placed on the wider curriculum and activities beyond the normal school day which are designed to broaden students’ interests and viewpoints.

6th Form

We welcome students that want to be successful and take full advantage of what the school can offer, including those who didn’t come to Highams Park in Year 11. Due to the strong examination results, the vast majority of students leaving the 6th Form go on to University and Higher Education. Those students that work hard and want to succeed will certainly do so at Highams Park 6th Form. Students joining in 2018 will benefit from the recently constructed 6th Form block dedicated to the teaching of post 16 students that also encompasses dedicated personal study and social space.

Parental partnership

Regular communication with parents is an important feature of Highams Park. Initial meetings are held with parents before a child enters the school, and all parents are encouraged to share concerns as they arise, with their child’s tutor in the first place, or with the appropriate Head of Year. As necessary, staff will also contact parents by telephone, letter, email or via the student planner. At the end of a student’s first half term there is a Tutor Evening, where Year 7 parents are invited to meet the tutor to discuss the way their child has settled into the school.
Admission criteria

The admissions authority for Highams Park School is the Highams Park Academy Trust (the Governing Body of the School). However, under present legislation, all admissions to state schools in the normal admission round, including Academies, must be administered by the Local Authority in which the family resides.

There is an additional supplementary information form for Highams Park School that must be completed and returned to the Admissions Officer at Highams Park School. This supplementary information form (SIF) is available from the school website. The required SIF must be completed and returned directly to the school by 4.30pm on 31 October 2017.

The School has an agreed published admission number of 240 students for entry in year 7. The school will accordingly admit up to 240 students in the relevant age group each year if sufficient applications are received. All applicants will be admitted if 240 or fewer apply.

If there are more applications than places

For admissions to the school in September 2018 the number of places allocated for admissions to year 7 is 240. If the school is oversubscribed, after the admission of students with a Statement or Education, Health and Care Plan where the school is named, priority for admission will be given to those children who meet the criteria set out below, in order:

1. A ‘looked after child’ or a child who was previously looked after but immediately after being looked after became subject to an adoption, residence, or special guardianship order. A looked after child is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989).

2. Children of staff who have been employed at the school for two or more years at the time at which the application for admission was made, or who are recruited to fill a vacant post for which there is a demonstrable skill shortage.

3. Where the child has a brother or sister on the school roll at the time of application, including students of Highams Park School’s 6th Form who previously sat their GCSE examinations at Highams Park School.

4. Proximity of the child’s home to the school, measured as the crow flies from home to the school. Those living nearer will be accorded the higher priority. The points in the house and the school will be the London Borough of Waltham Forest’s measurement points.

Definitions, terms of reference and further clarification

The following have been decided upon by Highams Park Academy Trust (the Governing Body), the admissions authority for the school.

- **Statement or Education, Health and Care Plan** – A child with a Statement or Education, Health and Care Plan that specifies Highams Park School for the child. If this is the case then the child will receive a place at the school without the need to apply to the Admissions Authority.

- **Siblings** – In criterion 3 above – Applies if an applicant has a brother or sister (sibling) currently on roll and who is likely to be on roll on the 1st September when the applicant hopes to become a member of the school. We include step children (i.e. one natural parent in common) and legally adopted children. Where the only sibling is in Year 11, there should be a likelihood that they will continue into Year 12. Where the sibling is in Year 12, only those who previously attended Highams Park to sit their GCSEs qualify their brother or sister for a place in Year 7. Where the only sibling is in Year 13, they will not qualify their brother or sister because they will no longer be on roll on the 1st September following.

- **Home** – In criterion 4 – the main residence of the child is to be used. The main residence is where the child lives most, if not all of the time.

- **Distance** – In criterion 4 – The distance measurement will be carried out by the local authority, the London Borough of Waltham Forest, on our behalf, using the straight line distance from home to the main gate of the school “as the crow flies”.

- Relationship of the child to the school

  - Distance is measured using a straight line (using the Local Land and Property Gazetteer).

- All distances will be measured in miles using a computerised mapping system called Routefinder GIS.

- There is no catchment area. There are no preferred Primary Schools.

Admission to the 6th Form

- Highams Park will admit students to the 6th Form from where it is able to offer a programme that will benefit the student and for which they are suitably qualified.

- Details of courses offered and other information about entry requirements and the 6th Form in general can be found on the 6th Form section of the school’s website.

- The anticipated overall capacity of the 6th Form is 500.
“Holy Family Catholic School is in the top 25% of schools nationally for value added” (FFT 2015)

“Very strong principles of love and respect for all human life, regardless of colour or background, play a central role in students’ spiritual, moral, social and cultural development.” (Ofsted 2014)

School Aims

- To create a caring community in which all students can grow as Christians, fulfil their potential academically and become well balanced individuals who can take their place in society.
- To provide our students with the skills necessary for success and to prepare them for the demands of adult life.
- To recognise the contribution of all cultures and religions to the progress of humanity and foster positive attitudes towards a multi-cultural society.
- To build strong partnerships between, school, home, parish and community.
- To provide a safe and secure environment where staff and students can work together in a caring atmosphere of respect and friendliness.

Curriculum

Key Stage 3

We offer a broad and balanced curriculum, giving access to the full range of educational opportunities. We provide progression and continuity of experience along with differentiation to meet the needs of the students’ various abilities, interests and talents. On admission students are organised into mixed ability classes of thirty students with some subjects taught in smaller groups. Students are set by ability in maths, science, English and French. However, there is mobility so students can be moved to a different set, as appropriate, to meet their needs.

Key Stage 4

In addition to the core curriculum students can choose three subjects from a wide range of options including: art; catering; computer science; drama; economics; French; geography; history; ICT; media; music; product design; sociology and Spanish. Students are also able to study triple science and we offer vocational programmes of study.

Key Stage 5

Our sixth form provides a high-quality provision for students who wish to continue with their studies in a school based Catholic post-16 environment. We offer a wide range of over 20 A Level courses and a programme of level 3 vocational qualifications. All students are expected to participate in enrichment activities to develop their leadership skills and to give back to the school and wider community. We provide high quality careers advice and guidance to ensure students progress to university or higher apprenticeship placements of their choice. In addition we offer all students a wide range of career based opportunities, including the option to apply for professional internships in their field of interest.

Additional needs and personalised learning

The school actively works to identify students who may be experiencing difficulty in accessing the curriculum, including a daily reading programme, a speech and language therapy group, group teaching and EAL intervention. More able and talented students are identified and staff made aware of them and their progress is carefully monitored. An accelerated curriculum enables students in Year 9 to begin to study GCSE English, maths, science and RE early. A personalised approach allows all students to follow a curriculum appropriate for their needs and interests. In year 7 we run two nurture groups to support students who may find the transition to secondary school difficult.

Behaviour for learning

All members of the school community are expected to treat everyone with respect at all times. Students know that teachers have high expectations of both their behaviour and work. Great emphasis is placed on praising good behaviour and expecting courtesy, consideration and hard work. This is part of what we call the ‘Holy Family Way’ of doing things.

Additional opportunities

There is a wide range of extra-curricular activities including sports, music and drama opportunities. We provide homework clubs before and after school each day. Students play an active part in decision making through the student council. Our young people also take on positions of responsibility by becoming peer mentors and have the opportunity to take part in the Duke of Edinburgh Award scheme. Sixth Formers take on a range of leadership roles both within the school and the wider community. The House system encourages prefects and other students to work closely with House leaders in organising and competing in inter-house activities.

Parental partnership

We believe students learn best when there is consistency and uniformity of expectations from home and school and where parents are fully supportive of the ethos of the school.

We are fortunate to have a very active PTA group called the Friends of Holy Family. We arrange regular ways for parents to visit the school including: consultation evenings; open evenings; information evenings, social events and professional internships in their field of interest.

Admission criteria

Holy Family Catholic School and Sixth Form is the only Catholic secondary school in the London Borough of Waltham Forest. The school is a mixed, comprehensive, specialist school catering for the needs of boys and girls between the ages of 11 and 19.

Holy Family seeks at all times to foster the growth of students’ understanding and appreciation of their faith. By naming Holy Family as a preference, it is assumed that parents/carers wish their child to receive a Catholic education and support the aims and ethos of the school as described in the school prospectus. The Governing Body of Holy Family Catholic School intends to admit 240 students into Year 7 for the academic year 2018/19.

Whenever there are more applicants than places available, priority will always be given to Catholic applicants in accordance with the over-subscription criteria for 2018/19 listed below.

Glossary of definitions:

Catholic
Catholic means a member of the Church in communion with the See of Rome. This includes the Eastern Catholic Churches.

Practising Catholic
Where a child has been baptised in accordance with the teachings of the Catholic Church and where compliance with the Sunday obligation is the practice of the child and their family.

Siblings
A brother or sister, residing under the same roof, who is currently attending the School. The term sibling also includes half-siblings, adopted siblings and step-children.

In the event of over-subscription applicants will be considered in the following order of priority:

1. Looked after Catholic children or Catholic ‘formerly Looked After Children’ who have been adopted.
2. Baptised Roman Catholic children who reside in the Waltham Forest Deanery and practise their faith regularly with their family as confirmed by the Catholic Certificate of Practice.
3. Baptised Roman Catholic children living outside the Waltham Forest Deanery and who practise regularly with their family as confirmed by the Catholic Certificate of Practice.
4. Baptised Roman Catholic children who are resident in Waltham Forest, but whose level of practice cannot be supported by the Catholic Certificate of Practice.
5. Any other baptised Catholic children.
6. All other Looked After Children or ‘formerly Looked After Children’ who have been adopted.
7. Children of other Christian traditions whose parents support the aims and ethos of Holy Family Catholic School and whose application is supported by a reference from their minister of religion.
8. Any other Christians.
9. Children of families of other faiths whose parents are supportive of the aims and ethos of Holy Family Catholic School and whose application is supported by a reference from their religious leader.
10. Any other applicants.

Tie Break
Where the offer of a place to all applicants in any of the categories listed above would lead to over subscription the following provision will be applied.

1) The attendance of a sibling at Holy Family Catholic School on the school roll at the time of enrolment (Years 7–11) will increase the priority of an applicant within each category.
2) Where the offer of places to all applicants in any of the categories above would lead to over subscription, the places up to the admission number will be offered to those living nearest the school. The distance measurement has been agreed by the Governors as ‘a straight line from the child’s home address to the main gate of the Walthamstow House site’, using the Waltham Forest Admissions Service computerised measuring system, with those living closer to the school receiving highest priority.

Residence
The residence at which a child lives with its birth parents, legal guardian or foster parents.
Kelmscott School

Markhouse Road
Walthamstow
London
E17 8DN

“Putting Learning First”

“Kelmscott School has been nationally recognised for its exceptional 2016 performance, the school is in the top 10% nationally for progress.”

“Kelmscott has been recognised as a Leading Edge school” (SSAT 2017)

School Aims

 Kelmscott School is truly a community school in the heart of Waltham Forest. Our school aims encapsulate what we are trying to achieve for our students;
• To ensure all students are able to reach their full potential
• To ensure we provide a personalised curriculum that meets the needs of all our students
• To provide a safe, secure and stimulating environment where students want to achieve
• To enable both students and staff to set the highest expectations for themselves
• To enable parents to understand and participate in their children’s education and achievements
• To ensure students consistently receive high quality teaching and learning to maximise their learning
• To ensure the school provides an ethos where there is an expectation that teachers will continually improve practice

About Us

Kelmscott was judged a Good school by Ofsted in May 2016 and our vision is to move to Outstanding in the next inspection. Our vision of teaching and learning in Kelmscott School is to ensure it provides the best possible opportunity for students, of all abilities, to reach their potential.

Teaching and Learning is at the heart of all that we do. We are very fortunate to have a fantastic crop of teachers who are able to deliver good and outstanding lessons to our students. In fact, for the last 2 years Kelmscott has been in the top 10% nationally for progress, a feat we are particularly proud of.

Curriculum

In Key Stage Three, students follow a broad and balanced curriculum that has been made more challenging and robust in recent years, to ensure that students are prepared for the new GCSEs. All students are challenged in line with their ability. Students are placed in mixed ability tutor groups from the outset and most lessons are taught in these groups. Students are grouped by ability in Mathematics, English and Science. There is a choice of French or Spanish in Year 7.

Kelmscott also offers a very successful Latin programme which begins in Year 7 and can lead to the completion of a GCSE in later years; trips to Oxford University are an important part of this course.

In Key Stage Four we pride ourselves on maintaining a broad choice of options for students. Students are given the opportunity to study the English Baccalaureate (Ebacc) but are also encouraged to choose a variety of subjects to broaden their interests, such as Art, Photography, Digital Media, Music, GCSE PE, Engineering, Technology, Economics, Business, ICT and Computing amongst others.

At Key Stage Five we offer an inclusive, bespoke provision that caters for students who, for a variety of reasons, are not quite ready for a large Sixth Form or College environment.

Behaviour for Learning

The behaviour at Kelmscott is excellent. The many visitors that we have to school always comment on the calm and purposeful atmosphere we have here at Kelmscott. We have the highest of expectations for all of our students both in and outside of the classroom which are reinforced consistently. Student voice surveys confirm our belief that students feel extremely safe and supported whilst at school. Attendance and punctuality expectations are also extremely high and we work very hard with families to ensure that students minimise absence and arrive on time.

Additional Opportunities

At Kelmscott we pride ourselves on the large number and range of additional educational and recreational opportunities that are available. There are a myriad of clubs before, during and after school. We also provide a variety of residential trips including a Spanish/Art residential to Barcelona, a Shakespeare residential to Stratford-upon-Avon, a PE residential in Sussex as well as a History residential to see the 1st and 2nd World War battlefields. Instrumental lessons are also available to students as well as a thriving school choir.
Parental partnership

In order to maximise students’ learning potential the school works extremely closely with parents and carers. A great deal of work also goes into a successful transition from primary to secondary school. All students are visited in their primary school and spend a day at Kelmscott in the summer term. This ensures that we know a great deal about each individual student before they arrive.

Admissions criteria

For full details of the admissions criteria please see pages 12–13.
Lammas School and Sixth Form

150 Seymour Road
Leyton
London
E10 7LX

Lammas students make outstanding progress. We are in the:
• Top 10% of schools in England for the last 4 years
• Top 1–2% in England in English

“This is a Good school. Pupils' outcomes are good and often outstanding. Pupils say that the teachers go the extra mile to help them. There is a culture of mutual respect. Pupils' behaviour is good and relationships are harmonious.” (Ofsted 2017)

School Aims

Lammas School and Sixth Form is committed to providing an excellent and inspiring educational experience for all our students. Our students are part of a diverse school community which teaches them to be strong, confident, considerate individuals with high standards and aspirations for the future.

Lammas School life is underpinned by the core values of friendship, respect, excellence, determination, responsibility, inspiration, courage and equality, known to all of us as “FREDRICE”.

Curriculum

Our school has a creative curriculum and ensures that all abilities and interests are catered for. Our staff are dedicated, loyal, energetic, and committed. A wide range of practical and academic opportunities are available including: extra exams in heritage languages, “Super Learning Days” (involving active learning outside the classroom), Activities Week including lots of trips and visits, and links with national and international businesses.

In Years 7 and 8, students follow the National Curriculum including Spanish or French plus Drama and Computer Science. We begin Key Stage 4 studies in Year 9, ensuring students are given the maximum time for exam study and providing a more personalised pathway for their exam choices to meet their needs, interests and aspirations.

Typically, students follow a core curriculum of English, Maths, Science, PE and have a choice of 4 option subjects.

In our Sixth Form, students are continuing their education with a wide range of high quality A level and BTEC courses as preparation for university.

Additional needs and personalised learning

As an inclusive school, we provide a wide range of support for students. We appreciate that every child is unique and we want every individual to meet their potential and make progress.

Our staff support students with their learning, language and emotional needs. We provide individual and small group interventions where helpful and also recognise students who are high achievers and ensure that their skills and talents are developed.

Behaviour for learning

We have strong links with local primary schools and offer many opportunities for your child to get to know us and feel confident, comfortable and excited about their move to secondary school.

Your child will be placed in a mixed age tutor group – like an extended family – where students of different ages support each other. There are 5 teams of Vertical Tutor Groups across the school and everyone at Lammas belongs to one.

Tutorial time takes place each day and we believe this fosters and develops strong relationships between students of different Year Groups as well as creates a family ethos within the school. Your child’s Tutor will care for them in school, working with you, throughout their five years here.

We have a school-wide approach to positive behaviour that encourages students to become actively involved in their own learning, show self-discipline, consideration for others, seek responsibility and receive praise. Inconsiderate behaviour is unacceptable and is discussed with students. When appropriate, sanctions will be used. We keep in regular contact with parents. We have regular monitoring of progress and enjoy celebrating the many successes of our students.

Student Voice is very important at Lammas. We engage our students in a range of activities to help them become active citizens including successful, nationally-recognised Peer Mentoring and Mediation programmes. Our Pupil Leadership and School Duty Teams (led by Head Boys and Girls) not only develop a shared responsibility for the smooth running of the school but also offer students opportunities to grow and flourish as young leaders.

Additional opportunities

Lammas offers a wide range of enrichment activities, all of which are a valuable part of school life. These include residential journeys, field trips, visits to museums and theatres, clubs for Music, Drama, Art and Design, Spoken Word, various sports, competitions such as Debate Mate and school productions. Our computing facilities are available outside lesson times and we offer additional support with academic studies through extra lessons after school, in holidays and on Saturdays.
Community School Mixed 11–18

2016, Mayor of London’s Gold Club member,
Healthy School Award, Accord Coalition 2012
winners of the national Inclusivity Award,
International Schools Award

Parental partnership

We value the fundamental contribution parents make to their child’s learning. You are always welcome at Lammas in order to discuss your child’s progress at school. You may contact your child’s Tutor or Student Progress Leader at any time to discuss concerns.

We keep in touch in many ways: a weekly newsletter, Student Planner, four reports and two interviews each year to review your child’s progress, Parents’ Evening to discuss progress with each subject teacher, texting and information about the curriculum and wider school life on our website.

Admissions criteria

For full details of the admissions criteria please see pages 12–13.
“Pupils feel well supported by their school and describe the sense of community it provides for them. Attitudes towards learning are very mature and pupils are very cooperative when working together. Pupils are polite, respectful and a delight to talk with.” (Ofsted 2017)

School aims

Leytonstone School is becoming the school of choice for the local community because of the excellence of teaching, wide range of sporting and artistic opportunities, high academic standards and caring, warm and friendly ethos. Leytonstone is an inclusive school and our diversity is our strength. Students of all abilities flourish in a school where every child is valued.

Curriculum

Key Stage 3
In Key Stage 3 students follow a 2 year curriculum designed to develop student’s abilities as well as encourage high standards. Students study English, Maths and Science with a focus on exploration and mastery of the subjects and developing depth and appreciation in learning. This is achieved through enabling students to make mistakes, learn from misconceptions and though enquiry. Students are taught history, RE and Geography by specialist teachers and French and Spanish as our specialist languages. In addition all students study food, textiles, graphics, resistant materials, drama, art and music.

Students study computer science in years 7 and 8 and PE is a hugely popular and essential part of the curriculum. The formal curriculum is ably supported by a wide range of extra curricula opportunities and trips and experiential learning supporting the development of every student. Reading is encouraged and we are a ‘reading school’.

Key Stage 4
Students follow a 3 year KS4 to allow real depth of learning in key parts of the curriculum as well as ample opportunities for assessments. We believe students learn best when they have time to make connections in subjects and this enables them to achieve the highest grades. Students can study any of the subjects from the KS3 curriculum and in addition, Product Design, Craft, Sports, Business and Media Studies.

Additional Needs and Personalised Learning
At different points, nearly all students require some additional support – either pastoral or in academic learning. We have:

- An intensive learning support programme.
- A programme for most able students
- A comprehensive pastoral support system.
- A school based counsellor
- A team of professionals who support emotional health and wellbeing across the school
- Specialist literacy teachers
- Specialist support in numeracy and maths
- A rich and varied menu of performance, creative, sport, language and leadership activities.
- A personalised support programme for transition to further studying or training
- A community which works together to ensure all students are inspired and empowered to achieve their full potential.

Additional opportunities
All students are encouraged to take on responsibilities that promote personal development whilst making a real contribution to the school and community through leadership activities. We have a very active Pupil Parliament, a prefect system in KS4, peer mentors, and our values of encouraging excellent oracy and thinking skills in young people are well embedded.

We provide a wide range of after school clubs and activities as well as ‘help’ clubs in a variety of academic subjects; knowledge gained in the classroom is also supported with fieldwork and educational trips to France, Belgium, Italy as well as closer to home. We believe strongly in rewards and praise. We recently completed our £12 million building project. We now have state of the art facilities for Science, Art, Technology and Languages, as well as fantastic Drama and Music facilities. Our beautiful and distinctive turn of the century building has also been refurbished.

Behaviour for learning and parental partnership
We have the highest standards for behaviour around the school and in lessons. Sanctions and rewards are clear; high expectations are maintained at all times.

We work closely with parents and they are welcomed, informed and involved in their child’s education. This relationship with our community is key to student success and achievement.

‘Wisdom is Strength’

“Students make excellent progress…”
“Students behave well in lessons and around the school. They enjoy coming to school…”
“...Leaders have a relentless drive for continuous improvement”
(Ofsted, Sept 2013 – School recognised as ‘Good’)

Norlington School is committed to excellence in everything it does. We believe every student is capable of the extraordinary. Recently we were recognised as one of the top 5 boys’ schools nationally and one of the most improved schools in the country. In addition, the school was congratulated by the Minister of State for Schools for achieving in the top 100 schools in the country on three separate occasions.

Uniquely, performance is achieved by students from every background and ability group. ‘We work together, enjoy together and achieve together’ as a community.

Through high quality teaching and learning, care, guidance and support we aim to ensure your son develops personal leadership skills, makes outstanding academic progress and is provided with exceptional learning experiences.

School Vision and Aims

‘Our Vision for Norlington School for Boys is to be recognised as a world class leader in education, ensuring every student is ready to take up the challenges and realise the opportunities of the 21st Century.’

Our Vision is realised through five commitments to parents and students:

• To develop Outstanding Leaders across the school.
• To guide our students to achieve exceptional Academic Performance.
• To provide outstanding Learning Experiences for every student.
• To be the School of Choice for the local community.
• To ensure every student has access to high quality Enrichment opportunities.

Curriculum

At Norlington, students experience a broad and balanced curriculum which not only promotes an enjoyable and relevant learning experience, but also embodies the aspirations we have for all Norlington students.

Key Stage 3

Our objective at KS3 is to ensure all students gain the skills required to be successful at KS4 and beyond. They will study a variety of subjects including English, Mathematics, Science, Humanities, Art, Drama, French and Physical Education. This is supported by skills development courses focused on literacy, self-organisation, teamwork, leadership including First Aid training and opportunities to work with universities and PhD students.

Key Stage 4

Our objective at KS4 is to ensure all students gain the skills and qualifications to succeed beyond their time at Norlington School. All students study the core subjects of English, Mathematics, Science, PE, ICT and RE. In addition they are able to choose from a range of practical, vocational and academic subjects that match their interests and aptitude. Alongside these courses, every student receives practical careers guidance to ensure they are ready to take up the opportunities beyond Norlington.

Additional opportunities

Leadership development

Norlington is committed to developing the leaders of tomorrow. As part of an extensive leadership programme students complete first aid training, leadership camp and outward bound courses, opportunities to coach and mentor and the Duke of Edinburgh Bronze Award.

Sporting Success

Norlington has a proud history of sporting success and is committed to providing opportunities for all students to engage in competitions across a wide spectrum of sports. We are recent Borough Champions in Table Tennis, Badminton, Cricket, and Basketball. Norlington has won the ‘Team of the Year’ at Waltham Forest Sports Awards for the past 3 years.

The Arts

Norlington is committed to providing every student with a wide range of extra-curricular opportunities to broaden their minds and develop self-confidence. Students are encouraged to take part in events such as school plays, the year 7 Pantomime and the Norlington Talent Show. Over 1/3 of students are involved in learning a musical instrument with instrument lessons provided by a team of 6 music teachers. There are clubs for Film, Sculpture, Art & Textiles and all Year 7, 8 & 9 students visit a Theatre, Museums and Gallery at least once a year.

Additional needs and personalised learning

At Norlington we are committed to offering every student a personalised learning experience that ensures they can be successful. We are very ambitious for all our students and a key element of our success is the lack of disparity of performance.
Converter Academy Status: School for Boys 11–16 with a mixed 6th form

Admissions criteria is the same as a community school

DFE No: 320 4064
Planned Admission Number: 132
Headteacher: Mr Juan Hernandez
Chair of Governors: Mr Stephen Pierpoint

Open evening: 12 October 2017 6.00pm to 8.30pm
Headteacher’s Presentation – 7.00pm
Specialist Status: Maths and Computing
School status/awards: Healthy Schools, Investors in People, Sportsmark, FMSIS (Financial Management Standard in Schools)

between student groups – we all achieve together. Specialist staff support students with learning difficulties. The support can include individual learning plans, in-class support and withdrawal to work in smaller groups as well as language support if English is not their first language. Mentoring plays an important role in providing support for students; this may be individual academic mentoring or as part of a group.

**Behaviour for learning**

As the only 11–16 Boys’ School in Waltham Forest (although our 6th Form is mixed) we have been able to develop and deliver the curriculum in a way that meets the learning styles of our students. We place an emphasis on achievement for all students and have adopted a simple phrase to remind students of our expectations: ‘Right Time, Right Place, Right Attitude’. The supportive relationships between students and staff create the right conditions for a purposeful learning environment. Students are rewarded for good work, behaviour, attendance and punctuality.

**Parental partnership**

The partnership between students, school and parents is very important to us. Parents are kept informed about their son’s progress through 6/12 weekly reports, 3 subject/tutor meetings and regular contact through the school website, student planners, a half-termly newsletter and, when appropriate, letters and telephone calls.

**Admissions Criteria**

Norlington School and 6th Form’s admission criteria is the same as a community school. For full details, please see pages 12–13.
“Rushcroft (Foundation School) has improved significantly since it was last inspected. The school’s work to promote community cohesion is exemplary the quality of care, guidance and support is now outstanding. The school has been markedly successful in raising overall attainment” (Ofsted rated ‘GOOD’ School 2016)

School Aims
The ‘Quality Statement’ summarises our aims and our contract with students and parents. We aim to ensure:
- students achieve above expectation in their curriculum (four levels of progress)
- that students show respect, responsibility and leadership
- that all students take part in extra-curricular activities and make a contribution to their community
- that students are aspirational and go on to VI Form, University and are a success in the world of work.

Parents and students receive information termly on progress towards these aims.

Curriculum

Key Stage 3
Students follow a broad and balanced curriculum with an emphasis on the core subjects, English Maths and Science, and a blend of foundation subjects to provide a strong grounding in preparation for Key Stage 4. Where students have weaker literacy levels they receive intensive literacy support to remedy this.

Key Stage 4
The strong emphasis on the core subjects continues into KS4. In addition students have a range of option subjects to choose from allowing them to choose a curriculum that best suits their abilities, interests and aspirations. The school encourages the majority of students to follow the ‘English Baccalaureate’ curriculum pathway ensuring students leave us with a broad balanced set of qualifications, which when supplemented by our ‘Beyond Horizons’, Brilliant Club and Shine programmes make them appealing to post 16 providers.

Key Stage 5
Rushcroft Foundation School have priority access to the Chingford Foundation School academic VI form where students study for a wide range of A-Level subjects, choosing four subjects in Year 12 and usually continuing with three in Year 13. All students study General Studies A-Level and Careers support and PSHE enrich the curriculum further.

Rushcroft Foundation School is developing its own distinctive VI Form offer. Its ‘Football Academy’ is very successful and can lead to scholarships in the USA.

Additional needs and personalised learning
We understand that boys and girls have different learning styles and this informs the way we organise the learning of our students. Our ‘Code of Expectations’ means that learning includes shorter, more tightly defined lessons, clear objectives, regular opportunities for feedback on student’s progress, a brisk business like pace to lessons and more opportunities for the student to take responsibility. Students with Special Educational Needs have a specialised integrated programme which enables outstanding progress to be made.

Behaviour for learning
Our ‘Rewards and Sanctions’ policy is predicated on supporting students’ moral and social development. Disruption of any kind is tackled firmly and parents are informed of every instance of both good and bad behaviour, by mail, text, telephone so action can be taken at home. A high profile ‘Hall of Fame’ celebrates rewards and a tariff system exists to eliminate anti-learning behaviour. Students are encouraged and supported to ‘self regulate’ to enable them to develop into successful citizens contributing fully to our local community and beyond.

Additional opportunities
Our Extension Programme includes a rich programme of extra-curricular activities in sports and arts. A Saturday College (Shine) is also offered where a wide range of activities augmenting students’ curricular experience can be enjoyed.

Visits are regularly organised to support the taught curriculum, including theatre visits and field trips. In addition, a wide range of other trips are organised abroad, including USA football tours, visits to China and to a variety of countries in Europe.

Parental partnership
Rushcroft Foundation School was opened originally in 1978 and together with Chingford Foundation School (opened 1938) knows that our local history contributes to our sense of belonging and community engagement. As schools within the locality are replaced, we know the lessons of the past contribute to our increasing success in the future.

Rushcroft Foundation School became an Academy on 1st October 2012, as part of a multi-academy arrangement with our sponsor Chingford Foundation School.
Admission criteria

The admission of students is controlled and administered by the Chingford Academies Trust. Students will be admitted normally at age 11 and without reference to ability. The published admission number will be 180.

The admissions arrangements provide that when applications for admission exceed the number of places available, places will be offered in accordance with the following criteria:

a) Looked after children and all previously looked after children. Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a child arrangements order or Special Guardianship Order).*

b) Children who have a sibling on roll at Rushcroft Foundation School at the time of admission.**

c) Children who have medical grounds for special consideration (supported by documentary evidence from a Specialist Doctor, not a GP), places will be allocated on medical grounds if, in the opinion of the Admissions Panel, exceptional circumstances prevail which make it essential that the child attends Rushcroft Foundation School.

d) Children of staff in either or both of the following circumstances:
   1) where the member of staff has been employed at the school for two or more years at the time at which the application for admission to the school is made, and/or
   2) the member of staff is recruited to fill a vacant post for

   e) Other children within the catchment area, in order of distance from the school, defined as a straight line from the measurement point of the child’s home address (as defined by the Ordnance Survey) to the main pedestrian gate, using the Local Authority’s computerised measurement system, with priority being given to the nearest child/children.***

f) Other children in order of distance from the school, defined as a straight line from the measurement point of the child’s home address (as defined by the Ordnance Survey) to the main pedestrian gate, using the Local Authority’s computerised measurement system, priority being given to the nearest child/children.***

The criteria will be taken in order of the list above.

Waiting List

Applicants who are unsuccessful will be given the option of going onto a waiting list. In the event of a place becoming available, the over-subscription criteria will be applied, as at the time the place becomes available, to those on the waiting list.

Late Applications

Applications received after the closing date from families who have relocated to the area will be considered providing the application is received before decisions have been made on offers by Governors. Other late applications will be placed on the waiting list after the National Offer Day in March in accordance with the over-subscription criteria and waiting list process.

Fair Access Panel – In-Year Admissions

The Waltham Forest Fair Access Panel may require the Academy to admit a child in order to protect the interests of vulnerable children and those with challenging behaviour.

Please Note

* A ‘looked after child’ is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school. Also included in this over-subscription criterion are: children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children’s Act 2002 (see section 46 adoption orders).

** ‘Sibling’ refers to brother or sister, half brother or sister, adopted brother or sister, step brother or sister, or the child of the parent/carer’s partner where the child for whom the school place is sought is living in the same family unit at the same address as that sibling and has a sibling attending Rushcroft Foundation School at the time of admission.

*** This criterion relates to the student’s recognised permanent home address and place of residence at the time of the closing date for applications to the Local Authority. Documentation should be included to verify this address. The offer of a place will be revoked if the address given is found not to be the permanent address. Where a child lives with parents with shared responsibility, each for part of a week, the child’s home address will be taken to be the address of the main parent/carer eligible to receive Child Benefit and Child Tax Credit.
School Aims

We set high standards with clear expectations. All of our students are encouraged to reach the highest levels possible, gaining the skills, qualifications and confidence to fulfil their dreams and ambitions. Walthamstow Academy welcomes students of all faiths and none.

We want all our students to have hopes and aspirations for the future that mean they are challenging themselves to be the best they can be.

Curriculum

Key Stages 3 and 4

Walthamstow Academy students receive an all-round education that inspires and engages.

Our curriculum is inclusive, meets the needs of all learners and looks to the future by offering skills-based vocational and academic courses. We spend time teaching students how to learn, in the knowledge that once they know how to learn they are able to learn anything.

All students have access to a broad and balanced curriculum that supports their learning. In their first two years at the Academy they try many subjects so they are in an informed position to make option choices in Year 8.

Key Stage 5

Walthamstow Academy Sixth Form enables progression to all university courses and careers. Our students can continue to study in an environment in which they are already known, understood and cared for while external applicants are warmly welcomed. We give these older students the freedom, respect and responsibility they have earned as young adults within our framework of support, close monitoring and high expectation.

The Sixth Form offers:

- A wide-ranging curriculum.
- Traditional A level and BTEC National vocational courses.
- An extensive extra-curricular and enrichment programme.
- Opportunities to visit universities.
- Excellent careers advice for HE.

Additional needs and personalised learning

Students have a form tutor who is the first point of contact with home. Students are able to access learning resources online from home and from the Academy’s Learning Resource Centre. We have a programme of extension for High Prior Attainment students and for students with individual learning needs. We plan that all learning is personalised to individual students, and constant tracking of progress ensures that action can be taken quickly to support achievement. Students will be moved between groups as required to ensure challenge is maintained. If required, students are provided with intensive literacy support through our excellent learning support assistants. This support is usually in class to ensure consistency with their programme of study for every subject. Our virtual learning environment allows students to access work for home study and to submit work online.

Behaviour for learning

At Walthamstow Academy we expect students to strive for excellence in every aspect of their learning which includes developing their role in the local and wider community. Students understand the academy is a place for learning and a positive environment for all is of the utmost importance. Students are actively engaged in lessons and the Academy regularly celebrates and rewards student progress.

Additional opportunities

The Walthamstow Academy day runs from 8.30am – 3.10pm with an assembly or tutor period each day.

We offer an extended Academy day – including a breakfast club, lunchtime activities and a wide-ranging after-school extension and enrichment programme.

Extra-curricular activities complement the curriculum and allow students to undertake additional subjects, develop life skills, improve fitness and have fun whilst learning new things. There is something for everyone and each student will be expected to take part in these activities, selecting from a range of sports, performances, productions, games, clubs, societies, extension activities and learning support.

Students of all ages hold responsibility positions and serve the community. We have an active Academy Council made up of students from each year. This involves all students in consultation and contributes to Academy improvement planning.

Parental partnership

Parents and carers are welcomed, informed and involved in their child’s education. The partnership between parents/carers, student and Academy is central to our success. Parents/carers are kept informed via the calendar, homework diary, Google Classroom, Academy website and social media. We report progress at least three times a year and hold an annual parents evening for each year group. We also have a meeting between parents and the child’s tutor in the first term.
After Walthamstow Academy

Many of our students continue their studies at our Sixth Form before the majority are accepted at Russell Group universities. We are extremely proud of our Sixth Form and the results our students achieve.

Admission criteria

Consideration of applications

The Academy will consider all applications for places. Where fewer than 180 applications are received, the Academy will offer places to all those who have applied.

Notwithstanding the above, the Academy may refuse admission to particular applicants in cases where fewer than the published admission number have applied. These are applicants who have been excluded from two or more other schools and the ability to refuse admissions runs for a period of two years since the last exclusion. Exclusions which took place before the child concerned reached compulsory school age do not count for this purpose.

Admission criteria

Where the number of applications for admission is greater than the published admissions number, applications will be considered against the criteria set out below. After the admission of students with Statements of Education, where the Academy is named on the Statement, the criteria will be applied in the order in which they are set out below:

a) Children who are in Public Care (Looked after Children) at the time of the application.

b) Children who have specific medical needs, social needs and special needs where the application is supported by written specific professional advice as to why admission to the Academy is necessary. The definition as to what constitutes medical, social and special needs within the scope of this provision will be agreed by UL and will be available in writing to parents in the prospectus as part of the admissions policy.

c) Children who are children of staff in either or both of the following circumstances:

1. where the member of staff has been employed at the school permanently for two or more years at the time at which the application for admission to the school is made, and/or

2. the member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage, and has successfully completed the probationary period.

d) Applicants with a sibling at Walthamstow Academy including Sixth Form when the applicant joins. The term ‘sibling’ means a full, step, half, adopted or fostered brother or sister. The Academy reserves the right to ask for proof of relationship. If the sibling is in Year 11 at the time of the Year 7 application, then that Year 11 student must have been offered and accepted a place in the Sixth Form.

e) Children whose permanent address is nearest to the Academy. The distance which determines how close the child lives to the Academy is the shortest distance measured in a straight line from the child’s permanent address to the front door (main entrance) of the Academy building.

A child’s permanent address is where he or she normally lives and sleeps and goes to school from. Proof of residence can be requested at any time throughout the admissions process. If false or misleading information is used to gain entry to the Academy, the offer of a place will be withdrawn and the application cancelled.

Arrangements for appeals panels

Parents will have the right of appeal to an independent appeals panel if they are dissatisfied with an admission decision of the Academy. The independent appeals panel will be independent of the Academy. The arrangements for Appeals will be in line with the Code of Practice on School Admission Appeals published by the Department for Education as it applies to Foundation and Voluntary Aided schools. The determination of the appeal panel will be made in accordance with the Code of Practice on School Admission Appeals and is binding on all parties. The Academy will prepare guidance for parents about how the appeals process will work and provide parents with a named contact who can answer any enquiries parents may have about the process.

Arrangements for admission to post 16 provision

The Academy will publish specific criteria in relation to minimum entrance requirements for the range of courses available based upon GCSE grades or other measures of prior attainment.
‘Neglect not the gift that is in thee.’

“The Headteacher and Senior Leadership Team are ambitious for all the students at the school. There is a strong focus on excellent academic outcomes, but also a belief that academic achievement must be fostered alongside the broader development of students as rounded individuals.” (Ofsted 2014)

School Aims

- To ensure that students achieve the highest academic standards of which they are capable.
- To provide a wide range of educational experiences for every student in a school environment that is welcoming, exciting and interesting, as well as academically rewarding.
- To provide opportunities for the spiritual, moral, social and cultural development of students.
- To ensure positive acceptance and celebration of diversity and opposition to all forms of discrimination.
- To promote self-esteem among students, particularly concerning themselves as women with positive aspirations and confident of equal opportunities both in education and society.
- To develop mutually beneficial relationships with parents, carers and the local community.

Curriculum

Key Stage 3
In Years 7–9 girls follow the full national curriculum. Languages studied are French, Spanish and Urdu. In addition all Year 7 students have a GREEN Building Learning Power/Learning to Learn programme lesson once a fortnight which helps them to develop the skills needed to be effective lifelong learners. The reading skills of all students are supported through an Accelerated Reader lesson once a fortnight.

Key Stage 4
In Years 10 and 11 all students study English Language, English Literature, Mathematics Double Award, Science, Physical Education, Religious Studies: Philosophy and Ethics and Personal, Social, Health and Citizenship Education.

In addition to the core curriculum, girls choose four more subjects. The following subjects are currently offered: separate Sciences, Drama, Music, PE, French, Spanish, Urdu, Fine Art, Economics, Design Technology, Geography, History, Travel & Tourism, Business Studies, Media, Computer Studies and Latin.

Additional needs and personalised learning

We believe that happy girls will be successful ones. The pastoral system brings together the girls’ academic and social experiences. The tutor knows each girl, meeting with the tutor group twice daily, attending to routine matters such as attendance and punctuality and sorting out any small difficulties a student may be experiencing. The tutor monitors a student’s progress towards the achievement of her academic targets.

The school has a qualified counsellor and two Learning Mentors to support girls whose personal life is undermining their chances of success and a team of learning support staff to help those who have a barrier to learning.

Girls are helped in their learning according to their individual needs. The Language and Learning Development Faculty ensures that students with Special Educational Needs are assisted appropriately to make good progress. There is close liaison with primary schools so that relevant information is known before transfer. Parents and carers are involved in the faculty's work and their daughter’s progress at all stages.

Specialist teachers support students for whom English is an additional language. There are booster classes to assist with basic skills in core subjects. The progress of able students is monitored carefully. A wide range of in-class and extra-curricular extension activities are provided to extend and challenge all students, including the most able.

Additional opportunities

Individual gifts and talents are developed through a wealth of activities publicised in a termly programme. Educational trips and visits (locally, in London, throughout the UK and abroad) are also a feature of school life. The school facilities, including the Learning Resources Centre, are open both before and after school for the students in addition to a range of after school classes and activities each day. Further details can be found on the school website or by enquiry at the school.

Parental partnership

The school works closely with parents and carers. There are termly reports along with an annual parent subject consultation evening with staff. Parents and carers can discuss their daughter’s progress at other times by appointment. The Headteacher holds a weekly surgery and the governors are keen to encourage the involvement of parents and carers in the life of the school.

Admissions criteria

Willowfield Humanities College

209 Blackhorse Road
Walthamstow
London
E17 6ND

“At the end of the Willowfield experience, our students can compete with anyone, anywhere, professionally and personally, in the world that is their future.”

“This school continues to be good and has maintained the good quality of education in the school since the last inspection.”

“Learning takes place in an environment that encourages very positive attitudes.” (Ofsted June 2016)

School Aims

Willowfield has been proudly serving the local community for the best part of a century and we are delighted to continue to provide a great learning experience to the children and young people of our community. Our vision is based on challenging and supporting everyone to be the best they can be. Willowfield students build on their strengths and overcome their personal barriers, leaving us able to compete with anyone anywhere as successful, confident, well-rounded adults. OFSTED visited us in June 2016 and were very impressed with what they saw, commenting upon how we have further improved since our last inspection.

Curriculum

Students at Willowfield enjoy a broad and balanced learning experience. We moved into our fantastic new buildings in September 2015 and our great facilities are bringing to life even greater opportunities for our students. At Key Stage 3, the curriculum is planned to be inclusive but also to stretch and challenge students to be the best they can be, preparing them for the challenges ahead in Years 10 and 11. At Key Stage 4, students study subjects related to their areas of strength, interest or possible future career pathways. Enabling our students to achieve the best examination results they will need is key to our work, but not the only purpose of the curriculum and wider school experience.

We are committed to developing all our students into thoughtful citizens able to play a full, positive and productive part in the 21st Century world they will be living and working in. Our Year 11 students progress successfully on to college, work and university and we are always proud to hear from them about their successes after Willowfield. We have the highest expectations of all students in all areas of their development and will not allow them to settle for ordinary.

Additional needs and personalised learning

Students from all backgrounds and all abilities are welcomed and flourish within a safe and caring environment at Willowfield. We are proud of the progress students make. Great teaching and learning are at the heart of everything we do at Willowfield. We use a wide range of information about our young people to plan learning experiences that closely meet their needs and excite them.

Behaviour for learning

We expect the very best in terms of courtesy and respect from our students and they rise to meet our high expectations. Life at Willowfield is characterised by calm and purposeful learning, underpinned by mutual respect. It is an environment where staff and students enjoy happy, harmonious and very productive relationships. This atmosphere is key to our success and stems from the great support and care every student receives, making them feel valued and nurtured. We believe a school is about more than just qualifications and that a safe and happy learner is an effective learner.

Additional opportunities

We have a wide range of extra-curricular opportunities available to all students, something that we have been able to extend and develop since we moved to our new site. Opportunities to engage in activities related to citizenship are many and varied, while our Artsmark Award reflects the range and quality of the opportunities offered here. There are many opportunities to take on responsibilities and we have an active Student Leadership Council who play a real role in helping shape the direction of the school. Each student will enjoy having a Willowfield Passport, which will provide opportunities to flourish in a range of areas such as wellbeing and extra-curricular learning.

Parental partnership

Our partnerships with parents and carers are key to the happiness and success of our students. We celebrate success and ensure that parents and carers are kept informed about their child’s progress throughout their time with us. Sometimes students need some additional support to flourish and manage themselves effectively and we are committed to working closely with students and their families to develop strategies to help them fulfil their potential.

** Lottery tie break draw

---

**Note:** Figures are for guidance only. There is no guarantee that figures will be similar in future years. Data for appeals is based on those heard between 2 March and 13 June 2017.

**KEY**

- **Places available**
  - Number of available places in year 7 for entry in September 2017.

- **Applications received**
  - Number of preferences expressed for a school (parents can list up to six preferences on their application).

- **Feeder Link**
  - Children attending the primary phase of Buxton School and George Mitchell who were allocated a place in the secondary phase of that school.

- **LA Alternative Offer**
  - Alternative offer – where none of an applicant’s preferences can be met we offer a place at the nearest community school to their home with an available place.

- **Cut off distance**
  - Home to school distance of the last child offered a place at a school.
### Cut off distances in miles for past three years

The table below shows how far away the student lived who was offered the last available place at the school on allocation day.

Where no cut off distance is shown for a school this means that all applicants who applied on time were offered a place there.

** Lottery tie break draw.

Figures are for guidance only. There is no guarantee that figures will be similar in future years. The number of applications for each school will differ each year, as will the addresses from which children are applying.
Additional information and services

Children with Special Educational Needs

Children with a statement of SEN or Education, Health and Care (EHC) Plan should not apply using the Common Application Form. Instead, each parent must complete the application form sent to their home address by the Disability Enablement Service in September 2017. The SEND secondary transfer form must be completed and returned to the Disability Enablement Service by 26 October 2017.

The SEND secondary transfer form will give parents the opportunity to name two secondary schools. Parents may have already named preferences for their child at the annual review meeting but, as most secondary schools hold their open evenings for parents at the start of the autumn term, some parents may wish to make their final choices of school after having the opportunity to visit schools.

There are four special schools in Waltham Forest that are able to accommodate secondary age children. These are Belmont Park School (www.belmontparkschool.com), Hornbeam Academy (William Morris Site) (www.hornbeamacademy.org/william-morris), Joseph Clarke School (www.whitefield.org.uk/jc) and Whitefield Schools & Centre (www.whitefield.org.uk). Places at these schools are authorised by the Disability Enablement Service Phase Transfer Panel.

Further advice is available from the Disability Enablement Service based at:
Wood Street Health Centre (1st floor)
6 Linford Road
Walthamstow
E17 3LA
Tel: 020 8496 6503 / 6505

For free impartial advice on special educational needs you can contact:
Waltham Forest Special Educational Needs Disability Information Advice and Support Service (WFSENDIASS) – Citizens Advice Waltham Forest
220 Hoe Street
Walthamstow
London E17 3AY
Telephone: 020 3233 0251
Email: wfsendiass@walthamforestcab.org.uk

Fair Access Protocol

Some parents have difficulty in finding a school place for their child. That is why all local authorities are required to have a Fair Access Protocol.

Not all children for whom it is hard to find a school place will be challenging, but they will be vulnerable as long as a school place has not been found for them. Our protocol establishes a fair system for the admission of children who are genuinely ‘hard to place’ as well as minimising the number of children in Waltham Forest at risk of underachievement through being out of school.

This Protocol is designed to:
• acknowledge the needs of vulnerable children not on the school roll of any school to be dealt with quickly and sympathetically
• reduce the time these children spend out of school
• ensure all schools admit children with challenging needs on a fair and transparent basis.

Please Note Children who do not have a school place will always take precedence over those children on a waiting list but who are still on roll at a school.

Free school meals

Free school meals are provided for children if their families are in receipt of benefits such as Income Support or income-based Jobseeker’s Allowance.

You can apply online at www.walthamforest.gov.uk/freeschoolmeals
You can also apply using a self service PC at North Chingford, Walthamstow, Leyton or Leytonstone libraries.

You can also apply for free school meals when you claim Housing Benefit or Council Tax Benefit. Just make sure you answer the free school meal questions when filling in the form.

In-Year Applications

By law, children aged between 5 and 16 must receive an education. This means that if your child is not in a school you must apply for a school or tell the local authority what alternative arrangements you are making for their education.

If your child has a Statement of SEN or Education, Health and Care Plan (EHC Plan) and you want to ask for a school transfer, you must contact the SEN Team on 020 8496 6503 or 020 8498 6505. They consider these applications separately from the process outlined below.

If you want to change schools

It is extremely important that a child has continuity in their education. For this reason, we strongly discourage unnecessary transfers between schools. If your child is already attending a school, but you feel that a move would be in their best interests, you should discuss your reasons for this with your child’s current school. It is important that you try to resolve any difficulties by working with the school, rather than requesting a transfer. If you still want to go ahead with the transfer after this meeting, complete the form and send it to School Admissions.
Applying for a school place

To apply for an in year place, you must complete the In Year Common Application Form (ICAF). This is available from the Waltham Forest website (https://www.walthamforest.gov.uk/content/year-admissions).

You can list up to three preferences. You must list the schools in the order of preference. The admissions criteria for faith schools, academies, foundation and free schools may be different from community schools, and you may need to fill in other forms (Supplementary Information Forms). You can get these from the school and they must be returned to the school. For school criteria, please see the individual school pages within this brochure. If you believe your child may fall under a higher criterion, you must provide documentation to show this.

Once you have completed the form you must return it to the Admissions Service in one of the following ways:

**Post:** School Admission Service, Waltham Forest Town Hall, Forest Road, London E17 4JF

**Email:** admissions@walthamforest.gov.uk

Providing the correct proof

You will need to provide documents with your application that provide evidence of:

1. **Your home address** (for example a government produced letter* such as housing benefit, council tax or NHS letter or a recent utility bill or bank statement**, driving licence)
2. **Your child’s date of birth** (for example a birth certificate)
3. **Your child’s home address** which should be the same as your home address (for example a government produced letter* such as child benefit, child tax credit or housing benefit, or a bank statement in the child’s name**). You can submit an official document or letter with your child’s name and address.

You must also provide documentation to support any higher criterion you wish to apply for, e.g. medical or social.

If you have moved recently, please also provide evidence of a closing of council tax account from your previous address.

These examples are not an exhaustive list.

We reserve the right to request further evidence if required.

* Must be dated within the last 12 months.

** Must be dated within the last 3 months.

Guardianship

If a child is not living with their natural parents and you are looking after the child, please provide written evidence that you are the legal guardian and have parental responsibility for that child. Evidence includes a will or court order or a statutory declaration. Guardianship only applies if you can prove that you have full care of the child and their normal, permanent home is with you, Guardianship does not apply if you take the child to and from school or look after the child until their parents collect them.

Medical or Social

Medical or social reasons can only be taken into account when information is provided with the application. Failure to provide such information at this stage may affect whether or not the child is allocated a place at the preferred school under this criterion.

Applications will only be considered under this category if they are supported by a written statement from a doctor, social worker, psychologist or other relevant independent professional. The information must confirm the exceptional medical or social reason, and demonstrate how the specified school is the only school that can meet the defined needs of the child.

What happens next?

Your application form will be processed within 15 school days. We will write to you to let you know if we can offer a place at any of your preferred schools.

If your child does not have a school place:

If we cannot offer any of your preferred schools, we will offer a place at the nearest school with a vacancy. The letter will let you know what you need to do next. You should return the reply slip indicating whether you accept or decline the place offered. If you have not received an offer of your first preference, you will also have the option of being placed on the waiting list. You must tick the box to indicate you wish to be placed on the waiting list. There will be contact details for the school offered. Once you have contacted the school they will make arrangements for your child to start within a few days.

If your child does not take up the school place, your child’s details may be referred to the Education Welfare Service.

If your child is already in a Waltham Forest school:

If we cannot offer a place in any of your preferred schools, and your child is already attending a Waltham Forest School, we will write to you to let you know, and your child should remain on roll at their current school. If you wish to be placed on the waiting list for your preferred school(s), you must complete and return the reply slip received with your letter.

Waiting lists

Your child will only be placed on a waiting list if you request it on the Reply Slip, received with your response letter. Waiting lists are kept in criteria order and it is possible to move both up and down a waiting list and other children are added and removed.

If you indicate that you wish your child to be placed on the waiting list, they will remain on this list until the end of the academic year in which you apply. If you wish your child’s name to be removed from a waiting list, please let us know in writing.

Right of appeal

If we cannot offer your child a place at your preferred school you will be given the right to appeal against this decision.

You can only appeal once for each school within a school year. We may consider a second application and subsequent appeal if there has been a relevant and major change in your family’s circumstances. You must appeal using an appeal form. For details please refer to our website: www.walthamforest.gov.uk

Any appeal should be submitted within 21 school days of being informed that a place cannot be offered. Appeals are heard by an independent appeal panel.
Atypical School Admissions

The Government has recently made it a legal requirement that all Local Authorities must inform parents/carers of all students in Years 8 or 9 about schools in or within travelling distance of the Local Authority area that admit students at the beginning of Year 9 or 10.

The Government wishes to ensure that parents/carers are well informed about all the options available for children of this age. **This does not mean that you have to move your child to another school** – for the great majority of children the school they are already attending will remain the most appropriate place for them to continue their education.

Schools which admit students in Year 9 or 10 are called University Technical Colleges (UTCs) or Studio Schools. UTCs are set up by universities and businesses and specialise in one or two technical subjects. They offer a similar GCSE curriculum to a typical secondary school, including English and Maths, as well as their specialist subject. You can find out more at [www.utcolleges.org/utc](). Studio schools are similar to UTCs in that they have employer involvement in the curriculum and focus on developing skills needed for employment, involving personal coaching and work experience. They have a similar curriculum to a typical secondary school. You can find out more at [www.studioschoolstrust.org/](https://www.studioschoolstrust.org/).

The application process is set out on the website for each school.

Section 7
Definitions

The following terms used throughout this booklet are defined as follows, except where individual arrangements spell out a different definition.

Academy
Academies are publicly funded independent schools, funded directly from the government, not the local council. They are run by an academy trust which employs the staff. They have to follow the same rules on admissions, special educational needs and exclusions as other state schools. Some academies have sponsors such as businesses, universities, other schools, faith groups or voluntary groups.

Admission Authority
The body responsible for setting and applying a school’s admission arrangements. For community or voluntary controlled schools, this body is the local authority unless it has agreed to delegate responsibility to the governing body. For foundation or voluntary aided schools, this body is the governing body of the school. For Academies, this body is the Academy Trust.

Admission Criteria
Conditions set by the admissions authority which are used to decide whether or not a place can be offered to a child.

All Through Schools
An All Through school provides both primary and secondary education. They accept children from four years of age and students can remain there until they are 16 or older if the school has a sixth form.

Atypical Schools
These are schools which admit students in Year 10 and are called University Technical Colleges (UTCs) or Studio Schools. UTCs are set up by universities and businesses and specialise in one or two technical subjects. Studio schools are similar to UTCs in that they have employer involvement in the curriculum and focus on developing skills needed for employment, involving personal coaching and work experience.

Common Application Form (CAF)
The form parents/guardians complete, listing their preferred choices of schools, and then submit to their local authority when applying for a school place for their child as part of the local co-ordination scheme. Parents/Guardians can apply for up to six schools.

Community School
A state school that is wholly owned and maintained by the LA. The local authority employs the school staff, owns the school’s land and buildings, and is primarily responsible for admissions arrangements.

Distance
Distance is measured using a straight line from the child’s permanent address to the main gate of the school. For more detailed information on distance, please refer to page 12.

DfE
Department for Education— the government department responsible for education and children’s services.

Faith Schools
Faith schools are associated with a particular religion. Most faith schools are run like other state schools and follow the national curriculum except for religious studies, where they teach mainly about their own religion. They may also teach about other religions to ensure students have an awareness of other faiths. The admissions criteria may be different although anyone can apply for a place.

Free schools
Free schools are government funded and are not run by the local authority. They can be set up by groups such as charities; universities; independent schools; community and faith groups; teachers, parents; businesses. They have more freedom than local authority schools. They should take an ‘all-ability’ intake and cannot use academic selection processes.

Governing Body
School governing bodies are bodies corporate responsible for conducting schools with a view to promoting high standards of educational achievement.

LA
The Local Authority (LA) is the London Borough of Waltham Forest. It funds schools that are still managed by the local authority.

Looked After Children / Previously Looked After Children
Children who are in the care of local authorities as defined by Section 22 of the Children Act 1989. In relation to school admissions legislation a ‘looked after child’ is a child in public care at the time of application to a school.

Previously looked after children are children who were looked after, but ceased to be so because they were adopted (or became subject to a residence order or special guardianship order).

OfSTED – Office for Standards in Education
The body that regularly inspects all schools in England that are mainly or wholly state-funded. OfSTED also provides public reporting and informed independent advice.
Oversubscription
Where a school has a higher number of applicants than the school's published admission number.

Oversubscription Criteria
This refers to the published criteria that an admission authority applies when a school has more applications than places available in order to decide which children will be allocated a place.

Preference(s)
The school(s) you would like your child to go to in the order that you prefer.

Published Admission Number (PAN)
The number of school places that the admission authority must offer in each relevant age group of a school for which it is the admission authority. Admission numbers are part of a school’s admission arrangements.

School Staff Children
Children of members of staff who have been employed at the school for two or more years at the time at which the application for admission is made, or who are recruited to fill a vacant post for which there is a demonstrable skill shortage.

Sibling
Sibling means a full brother or sister, half brother or sister, step brother or sister, foster brother or sister or the child of a parent or carer’s partner living at the same address. In all cases the sibling must be living at the same address and must still attend the school at the time of admission of the child for whom the application is being made. If you do not provide the name and date of birth of your child’s sibling when you make your application we will not be able to take it into account and it will affect your child’s chances of being offered a place at that school.

Sixth Form
Some local schools have sixth forms. They cater for post-16 students and provide the opportunity for further study post-GCSEs. This may be ‘A’ levels, further GCSEs, vocational courses or a combination. Some students transfer at 16 from schools that do not have sixth forms to those that do. Others go to Sixth Form College, either to Leyton Sixth Form, Sir George Monoux, Waltham Forest College or to a college outside the borough.

Statement of SEN or Education, Health and Care Plan
A Statement of special educational needs or Education, Health and Care Plan is made by the local authority under Section 324 of the Education Act 1996 and the Children and Families Act 2014, specifying the special educational provision required for that child.

Supplementary information forms (SIFs)
A SIF is a form generated by a school that it its own admissions authority and requires additional information that is not on the CAF or iCAF.

Trust Schools
Trust schools are government-funded schools that receive extra support from a charitable trust such as a local business, community group or educational charity. They are funded in exactly the same way as other local authority maintained schools.

Type of Schools
Junior School
A school that caters for students aged 7 to 11.
Primary School
A school that caters for students aged 4 to 11.
Secondary School
A school that caters for students aged 11 to 16.
VA (Voluntary Aided) Schools
These may be faith or religious schools. The Governing Body is responsible for running the school, setting the admissions criteria and arranging appeals.
VC (Voluntary Controlled) Schools
These may be faith or religious schools. The LA is responsible for running the school, setting the admissions criteria and arranging appeals.

Waiting Lists
A list of children held and maintained by the admission authority, when the school has allocated all of its places, on which children are ranked in priority order against the school’s published oversubscription criteria.

Please Note
These definitions are those used in the London Borough of Waltham Forest. Definitions may not be the same elsewhere.

We have tried to ensure that the information in this brochure is correct at the time of going to print.
