KPMG Apprenticeship Programmes

A range of programmes are available which cover different areas of the business, all offering a refreshing alternative to the traditional university experience.

[KPMG Discovery](#) is for Y12 students looking to gain work experience. This two, three or five-day programme will give them useful industry knowledge, career opportunities and the chance to develop the skills they'll need to apply for a role with us.

[KPMG360](#) gives students the chance to join KPMG and work with some of the best and brightest in the business world. Importantly, it includes a foundation year that's specifically designed so they can experience all areas of the business before they go on to choose an area of specialisation and gain a professional qualification.

[KPMG360 Digital](#) is a four-year apprenticeship programme that combines academic study with practical work experience. At the same time, they'll also study for a BSc degree in Digital and Technology Solutions with our training provider, BPP University.

[KPMG360 Business Services](#) is a two-year apprenticeship programme. As a new apprentice, your student will be fully supported throughout the programme with guidance from KPMG teams and gain a professional qualification.
