UPPER SCHOOL

Celebration of Achievement 2014

A-Level Results

Chingford Foundation School is delighted to celebrate the **very high attainment** of its 2014 alumni students, who should feel very proud of what they have achieved.

The Sixth Form's academic credentials were further strengthened this year as the number of A* grades rose by 50%, and over 25% of grades awarded were A* and A. Amongst the notable high achieving students were **Caitlin Gandy, Aaron Jenman** and **Ben Gordon** who all achieved A*, A*, A.

We were also extremely pleased that two of our students will take up places at **Cambridge** this year - **Luc Conlon** to study Asian & Middle Eastern studies and **Joseph Tumba** who will be studying Economics. Joseph is also our highest achieving student to date, obtaining 3 A*s and an A in Maths, Further Maths, Physics and Economics.

In all, 38 of our students gained places at renowned **Russell Group** universities.

We would like to wish all our former students well as they move onto the next phase of their journey, as they continue their studies at university or enter the world of work.
